

Her view...

Okay, so like I'm sitting in a lawn chair on my private beach. He walks up and thinks I'm dead. Well he's stupid, and my arm moves so he takes a deep breath, and touches my scar. It's sweet. Then he gets on his knees and kisses it. Really sweet, so he kisses up my stomach and I pet his head gently. He climbs up and slips my bikini strap away so he can suck my hip. Screw sweet, that's hot. I moan and roll my head to the side. He flattens my legs and pulls my whole bikini down and licks that straight line of hair there. I'm groaning now, and he licks my pussy. He starts to suck and slip his tongue inside and I gasp at this. He doesn't stop till I'm close to the edge, and then stops. He does that when he wants something back.

His view...

← I do not! You just look dead...

← And sexy as hell, might I add.

← God, my hard on hit THEN.

← God, you do taste good.

I could feel it, too, against my thigh.

→

I gasp every time he does this.

→

He's the only one I know who does this.

→

He doesn't do this all the time.

→

He always says, "Fuck" at this time.

So, I climb up her body and kiss her neck. She likes me to lick at the dip in her neck. That vibration from her moans makes me go crazy. I can feel my cock stand at attention. I moan onto her neck and she rolled on top of me. She sits on my lap and takes off her top. Damn, she's always had nice breasts. I put my hands on them and squeeze them, flick at her nipples. She totally naked on top of me and I feel left out. She takes off my shirt and kisses my chest. The best part is when she runs her tongue across my nipples and nibbles just enough to make me growl. She goes down my body and takes off the rest of my clothes. Now, she's not the one for blow jobs. But if you get her nice and turned on, just leave her hanging, she's an animal. She licks my head and I roll my head back. It's a special treat, and we both like it that way. She takes me into her mouth and moves up and down at a perfect rhythm. Licking my cock head and fondling my balls, she takes me out of her mouth and uses her hand for a while. She goes down to my balls and sucks, licks, and kisses. I'm so close to coming. I can barley breath, and she stops. Damn.

Now, I go back up his body and we kiss for a while. It's sweet and passionate. But, he rolls me over so I'm on my back. He sucks on my breasts while he pulls a condom from his pants. I'm content at this point. I wanted it and he wanted it. Anyways, he gets the condom and spreads my legs. He pulls the condom onto his long, throbbing dick and positions himself. I put my arms around his neck and suck his Adam's apple while he grabs my hips and pushes into me. I throw my head back and push against him. He slowly pulls in and out and gets a steady rhythm going. I wrap my legs around his waist and join in on the groove. He's panting into my neck and I can barley breath. We're so close and he keeps hitting the right spot over and over again. He hits it one last time and my orgasm rushes over my body and I can't control it. Lance holds me down as I rock forward and throw my head far back. He uses this opportunity to suck my neck before he comes. When he's done, his mouth is open in a small circle and he's flushed. He slows down his pace and soon stops. He doesn't pull out, and he rests his flush body atop of mine.

← Content? You kept begging me to fuck you!

← She's warm and really enjoys my Adam's apple.

← She's so hot that every time I hit that spot another wave of heat runs over me. I'm so close.

I'm regaining my breath and she's rubbing my back. I rub small circles onto her hip and we rest for a while. The sun starts to set and we get dress. She sits on my lap and we watch the sun dip beyond the horizon. We're in love, and it is beautiful.
