

Kevin stretches out his arms. Ewan was still fast asleep next to him. Last night consisted of one thing - sex being repeated over and over again. Kevin rolls over onto his side and runs his hand down Ewan's arm. Ewan makes a little moaning sound in his throat, like a purr. Kevin leans closer to him but screams in pain. Ewan shoots up in bed looking around the room with his eyes half shut. Kevin was whimpering from the pain radiating from his ass up his spine.

"Kevin did you scream?" Ewan turns and looks down at him. "I swear you... holy shit what the fuck is that thing?" Ewan scrambles back in bed. Kevin sits up and reaches under his butt. He grabs what he believes is his belt that must have been left on the bed in their wild night before. He pulls it up and stares at it. His belt wasn't orange and furry with black stripes.

"Um... why is there a cat tail in the bed?" Kevin keeps pulling and the same pain he felt before when he woke up Ewan radiated through his back. "Please don't tell me..." Kevin gets out of bed and walks over to the mirror. Standing upright coming from his tailbone was a orange and black striped tail. If he thought about the tail moving, it would move. "I HAVE A TAIL! I HAVE A TAIL! WHY THE FUCK DID I GROW A TAIL DURING THE NIGHT?"

Ewan walks over and stands behind Kevin. "You a mutant or something?"

"Gonna break up with me because of this?" Kevin looks at Ewan using the mirror. Ewan shakes his head.

"New sex toy." Ewan pets it. Kevin can feel him touching it and turns around. He grabs his tail and stares at it for a while.

"Am I a mutant? Am I going to grow whiskers and fur all over my body?" Ewan shrugs.

"You have fur right here..." Ewan rubs Kevin's crotch. "...but that has always been there." Kevin moans.

"How can I live my life with a tail, Ewan?"

"Go to a doc and get it removed. Until then just tuck it into your pants, like run it down one of your legs. But right now your gonna use it to rub my ass while I suck your dick." Ewan falls to his knees and sucks Kevin's cock into his mouth. Kevin moans and thinks about his tail rubbing Ewan's firm ass. A few seconds later and that was exactly what it was doing.

Maybe he could keep the tail - good sex toy.

TA-DA!
