

-we begin this story as a distress call happens-

Becca; Well crap. I was hoping this would be a quiet night.

Levi: damn it -grabs his saber and jumps out the window onto his motorcycle-

Joey; damn it! I wanted to turn in early tonight -runs out the door-

Jc: this sucks balls! I'm gonna miss my show -hurries off-

Lance: yay! -runs-

Chris: here we go again! -jumps out of his window as one big ball of fire-

-they all make it to the source of the call, Becca making sure to keep to the shadows-

-Levi is standing off in the shadows, high up on a building waiting-

Levi: where are you...?

inner Becca; Crap. It's those other guys. I recognize the fast one, I had a scuffle with him a few months back. But the others I don't know.

-Levi stands on the edge of the building, leaning over it and watching the streets. he sees off in the distance a fire ball, an ice ball, a man running on all fours at a fast pace, and a young man running at super speeds-

Lance: What's going on!?

Levi: something is up -he jumps down the building and lands on the ground unharmed- why are all of you here?

Jc: Should we not be? We got a distress call.

Levi: this isn't right -Levi stands there, his eyes closed-

Chris: come on slayer i see you over there!

Joey; I don't see anything wrong

Becca: Damn -comes out of the alley-

Levi: no its... -Levi opens his eyes, and suddenly he jumps in the air as darts fly past- its a set up! -he whips out his saber-

-they hear the sounds of punches being thrown and Becca yelling-

Jc: Bring it on! -duplicates into about ten of him-

-Levi is basically hitting the darts away from him-

Lance; Lets do this -starts dodging the darts-

-Chris goes fiery and flies around them trying to trap them so the darts don't hit them-

-Justin freezes the darts and they hit the ground and shatter-

Lance: AARGH! -rips dart out of shoulder. his walking becomes wobbly-

Levi: fuck -Levi uses the force, stopping the darts in mid air in front of him but one of them comes from behind him and hits the back of his neck. he falls to the ground- damn it

-his vision gets fuzzy and his mind clouded-

Joey; Ow! -he steps on one and falls over on top of Lance who is on the ground-

-Chris stops flying around, smiling thinking he won, then is hit-

-same with Justin-

Jc 1: ow

Jc 2: ow

Jc 3: WEEEE! ow

Jc 4: ow

-this continues until all the Jc's are on the ground, and then they go back into the original Jc-

-Becca is unconscious in the alley-

-they are all bagged up and thrown into a truck-

-a few hours later-

Becca; uh...

Joey; ow. oh god damn it, my head hurts

Jc: Owie.

Levi: oh man... -opens his eyes slowly- where am i? i can't think... -the dart clouded his mind and he wasn't able to do anything with his powers-

Lance; WHY THE HELL WON'T MY CLAWS WORK!?

Levi: our powers have been shut off temporarily

Becca; This is worse than my eighteenth birthday.

-Levi stands up but then falls to the ground-

Becca; What's going on?

Levi: i can't move -his body was paralyzed because the special cells in his body for the force were paralyzed- the force... i can't use it

-Levi is lying there completely useless-

Levi: i hate darts like those

Jc: why do you think we're here?

Joey; weren't those government guys who shot us?

Levi: it was the FBI. i wasn't able to sense anything else

Becca; At least it wasn't someone else. The FBI I could handle. Now we just need to get out of this building.

Levi: i can't move until this poison wears off. from what i can get from what is happening to me, it won't be for another hour or so

Lance: From the looks of it none of us really can. Chris? Justin? You two okay?

Chris: meh i feel so cold!

Justin: i feel hot!

Levi: none of our bodies are in their normal state

-the door opens and a man in black enters-

Levi: did you have fun shooting us?

Man: Hardly. But it was the only way to get all of you here I'm afraid.

Joey: bull.

Man; oh don't play dumb. We all know you all are rivals.

Jc: freak you knocked out ten of me! after three of me you were just having too much fun. if you hit the real me first they all would have went down

Man: We had difficulty telling you apart. Now if you will all listen to me I will explain.

Levi: i am not rivals with anyone. I'm just trying to make mankind better off

Man: My name is Mr. Jones. Now you are all here because of your unique abilities. the FBI wants you all to team up and become part of a new branch of law enforcement.

Becca; Whatever.

Levi: i can't work with anyone because they are all stubborn humans who become too selfish in their ways

Man: And so you think that you are above them? Then why do you try to save them. now you will work with us. Whether you like it or not.

Levi: i save them because it is what needs to be done. i just can't get along in a team

Man: I'm sure we can work something out. Now you will all be taken to your quarters. I suggest you all rest up. Its going to be a long day tomorrow.

Levi: your gonna have to drag me -Levi was lying on his side completely still-

Man: We are prepared to do that -claps his hands and guards go into the room pick them all up and take them away-

-later on-

-everyone has recovered from being paralyzed-

Lance; This sucks.

-Levi is sitting in his room, a simple red room with a black bed, black desk, and black dresser-

-he is meditating-

Joey: There's not even a computer in here. WAA!

-Becca is pounding on the door trying to get out-

inner Levi: all i wish is for me to have my laptop and light saber kept in my room

-his saber was gone-

-they can hear Becca pounding away in her room-

Lance; Why can't that stupid girl just realize that it's pointless to fight.

Jc; Cause she's like that.

-Lance and Jc share a room-

-meanwhile Justin and Chris are sleeping-

-Becca finally gives up and goes to sleep-

-the next day-

Jones; Alright. Now while you do these training exercises for us to test the limits of your powers, i want you to start breaking the ice with each other. Are we clear?

Levi: yes -he is calm-

Jc; yeah

Joey: uh huh

Lance; Reluctantly, yes

Becca; -spits on floor-

Justin: yes sir

Chris: ditto

Jones; Very well, begin.

-they start-

-Lance is mainly watching how fast Levi is moving and all the abilities he can do, including his power to send electricity out of his hands, and he stays calm through out the whole trial-

-Becca is glaring at everyone and fighting off every single guy who comes near her-

-Joey is doing brain exercises-

Jc: Hey Chris? You think that blond chick is cute? I heard her and Joey got in to a full out fight a few months ago.

Chris: i remember that. i also heard that Levi had to step in telling them we are not rivals and we are not partners. just go and do your own thing.

Jc: Yeah. But you have to admit she's hot when she's pissed.

Chris: yeah. she's just like me only she isn't on fire

-Levi puts his saber away-

-the walls begin to shake as Levi rips out the lights from the ceiling, them all falling on the bad guys and Levi smiles-

Levi: WE ARE DONE! -is pitch black-

Becca: Nice work -punches guy who was sneaking up on her-

Levi: i was getting bored -Levi's shirt was ripped and his arm was cut open-

Lance: Still that's impressive

Jc: Do that again!

Levi: um..... there aren't anymore lights left. why do you think its pitch black?

Jc: aw...

Chris: here -Chris fires up- damn this place is a wreck!

Joey: Don't worry about him.

Jones: -claps- well done, all of you. you can wander the grounds as you please now.

-Levi walks from the room, his arm basically covered in blood now-

Levi: where is the first aid?

Jones: Down the hall and to the left.

-Levi nods and jogs down there-

-Becca goes down to her room. Jc walks off letting Chris stare at his ass. Joey wanders around for a while. Lance just goes to sleep. Justin and Chris wander around together-

-Levi goes to the roof meditating-

Joey: So what do you guys think about this whole thing?

Justin/Chris: weird

Joey; Yeah. I've got a wife and little girl at home. Brianna's probably wondering where daddy went.

Chris: poor kid. do they know about your super brain and speed?

Joey; Yeah. I can't hide anything from Kelly. Sometimes i wonder if she's smarter than me. I think Brianna inherited some of my abilities.

Justin: wouldn't surprise me

Joey: What about you? You guys have any family?

-they shake their heads-

Justin: just brothers and parents

Chris: sisters and a mom

Joey: Do they know?

-Chris nods but Justin shakes his head-

Joey: They will find out eventually. Believe me.

Justin: I'll let them find out on their own

Joey: so what's your impression of the others here?

Chris: Becca is angry and Jc's hot

Justin: Levi is one hell of a character

Joey; yeah. Slayer girl is a bit of a bitch. She was the one who threw the first punch at me. But it was probably my fault. Jc is an interesting guy and Levi... well... he's different.

Justin: he's calm, that's what. he takes in everything and observes the situation in like a split second. he hides his emotions. I've seen Star Wars and they are alike

Joey: yeah. I really just want to be done with all of this. Live a normal life. If i could get rid of my powers i would.

Justin: I've wished that too but its just one of our gifts

Joey: More like a curse for me.

Chris: I've learned to live with them and live a normal life, but then again saving people when they need it isn't normal

Joey: we should find a phone. Call our families. I want Kelly to know I'm alive.

Chris: yeah come on. tell them we are in Switzerland or something - walk off-

-Joey follows-

-they eventually find a phone and are able to get a hold of their families and tell them where they are, or at least that they won't be home for some time and that they are away-

Joey: Okay... I love you to Kelly. Bye -hangs up- She knows somethings up.

Levi: what is going on down here? -Levi comes down his arm wrapped up and his t-shirt now changed-

Justin: calling people

Joey: Just calling our families and telling them we're alive.

Chris: telling our families we won't be around for a while

Levi: well i don't have to worry about that. i killed my family when i was five -he leans against the wall- so did Jones say anything else about what he wants us to do?

-the guys stare at Levi for a few moments-

Joey; not really, but i think we should start getting to know each other better. You know, get acquainted and at least make an effort to get along.

Levi: well you know some things about me

Chris: you have no family cause you killed them and your a bad ass super Jedi. what else is there?

Levi: I'm only 18 and just out of high school.

Chris: I'm just out of college

Joey; i really feel like an old fart now

Chris: turning 23 in October

Joey; I've got a five year old daughter

Justin: I'm 20 so... I'm trying to get my culinary arts degree and I want to open up a restaurant

Joey; Cool. I fix peoples computers for a living.

Chris: that's cool. i have a degree in psychology right now. not sure what else i want. i work at a radio station and i love it

Joey: maybe you can be like Dr. Phil, only not a quack.

Levi: he helps people, despite the fact he can be very dramatic and stuff

Justin: what do you want to do with your life Levi?

Levi: well I'm the baby here. just turned 18. i plan to go to college and try to get something in music. I'm pretty bad ass on the piano

Joey: that's cool. My dad does do-wop sometimes.

Levi: i write stories and music a lot, whenever i have the chance. who knows maybe I'll become a solo artist and write all my own shit

Joey: I'd like to hear it sometimes.

Levi: also you might not know this but - I'm a super hero too!

-Justin laughs-

Justin: why not be a comedian?

-Becca is hiding behind a corner-

Levi: i just do that so i can take out my emotions in a healthy way

Joey: yeah. You'd fit in just fine.

Levi: hey Becca what do you want to do?

-he has his back to her and she didn't even make a sound. the others look around trying to find her-

Justin: Levi, Becca isn't here

Levi: I'm a Jedi. i sense her behind the corner

Joey; Come on out slayer!

Becca; damn -emerges-

Chris: hi slayer! your name is nice

Becca; Whatever. I just want to get out of here and go back to the way things were.

Levi: your a pretty smart girl. what is your passion? music and writing like me? tech geek like Joey? psychology like Chris? cooking like Justin? or do you have something else?

Becca; I don't have one. When you're like me you don't really have room for passions.

Levi: hey I'm a superhero too and you don't see me looking like that

Chris: but your a Jedi. you hide your emotions and shit. you just let them out as jokes and wise cracks

Becca; I can't really show emotions that much. Or very well. I became the new slayer when I was thirteen. As you can imagine i haven't had much opportunity to have any kind of passion.

Joey; You'll find one.

Levi: well we don't have vampires in this day an age. you just slay bad guys

Levi: and girls and kids and blah blah blah

Becca; demons. and vampires still exist. i don't kill innocents.

Levi: demons are just other mutants like us that are evil. vampires are just a human bat breed some scientist created. he choose vampire bats on accident

Becca; You think I'm crazy don't you -looks angry and hurt- I don't blame you.

Levi: I don't think your crazy. I'm just explaining to them what the hell you were saying

-Chris, Justin, and Joey nod still a bit lost-

Levi: sorry i do that a lot.

-Becca just nods looking a little upset but trying not to show it-

Levi: Becca its okay. i really didn't mean to make you seem crazy. I'm crazy too! -he dances like a money and barking- see?

Justin: okay he's the extreme level of nut bar

Becca: Yeah. I noticed.

-Levi grins chewing on his nails-

Levi: have to keep from being in a loony bin somehow. comedy calms me down

Becca: Seriously. Just use nail clippers.

Levi: meh!

inner Becca; He acts like a child.

Levi: nail clippers are for squares and I AM NOT A CHILD!

-Levi puts his hands behind his back-

Chris: i like this kid

Becca; Don't act like one then -turns and leaves-

Levi: bye bye baby! -he doesn't smile-

inner Becca; Great. Now all of a sudden I think I'm starting to like him. But god damn he pisses me off!

Joey: Its gonna be weird getting along with her.

Levi: Lance and Jc are coming down the stairs -they here footsteps-

Levi: shh! -he jumps up in the air and holds onto the lights that are several feet above them-

-Chris hides his grin-

Jc; Geeze did you see the look on slayers face?

Lance; Yeah. Psycho bitch from hell.

Justin: yeah she came over and talked with us

Jc; Oh hey guys whats cracken?

Chris: um... -they hear cracking-

Lance; What the? -looks up-

Levi: HI!

-he drops landing on Lance-

Lance; AAAAGH! -goes into wolf mode out of instinct-

Levi: ouch -then the light falls but Levi stops it- i don't think you'd like that on your head Jc

Jc; No not really.

-Lance's claws go straight into Levi-

Levi: -high pitched gasp-

Lance; oh shit.

-Levi gasps and stands up covering his wound-

Levi: this is fun -its strained-

Lance; dear god and I thought the flamer here was mellow dramatic - points to Jc-

Jc: Hey!

Chris: i like flamers

Jc: And i like macho boys. You. Me. My room. Tonight.

Levi: hey, can i ask you guys a tiny favor?

Lance; What?

Levi: you know a doctor would be nice about now

Joey: Sure. Who's a medic here?

Lance; Me.

Levi: your a doctor?!

Lance: pediatrician.

Levi: like how old are you then?

Lance; Twenties

Levi: for being that you have to be ten years older than me

Justin: that makes him -counts on his fingers- 28! damn your old

Lance: I don't like to talk about age.

Levi: so what are you gonna do, cast a spell on me?

Lance; Nah. Just stop the bleeding and put some bandages on it. You'll be fine. I didn't hit any vitals.

Levi: uh huh -Levi sighs- well look on the bright side Justin, Chris, and Joey are standing in my blood

-Justin goes wide eyed-

Justin: AHH! -it freezes up and Chris gets stuck-

Chris: Justin! -melts it down and it melts Joey's shoes-

Joey; YO!

Levi: QUIT PLAYING WITH ME BLOOD!

-Levi uses the force, picking it all up and splattering it against the wall. he laughs-

Levi: murder scene

-Levi passes out, since he weakened himself-

Lance; crap. okay people lets get some bandages for this guy.

-they carry Levi into the medic room and start bandaging him-

-he wakes up a while later-

Levi: yummy

Jc: Hello sleepy!

Lance; Hey. How are you feeling?

Levi: meh -sits up taking out the IV-

Lance; good -goes back to reading his magazine-

-Levi stands up and starts taking off his bandages too-

Justin: dude you leave those on

Lance; Let him do what he wants.

-Levi takes off his shirt sighing at the blood stains. Becca walks in and stares-

Becca; Nice.

Becca; The blood stains i mean.

Levi: hi Becca -he takes off the bandages from his arm and Justin looks at it funny-

Justin: i don't get it

Levi; did you see the wall?

Becca; Yeah. I thought one of you guys bashed another guys head against the wall.

Levi: nah i just threw mine against the wall

Justin: i don't get it Lance, why does he not have a mark on his arm?

Lance; rapid healing. a lot of us supers have it.

-Levi takes off his bandages and scratches his head-

Lance; I've got it too.

Levi: funny but um... ya know when i said i killed my parents when i was five?

Lance: yeah?

Becca; sure -she heard his conversation since she was hiding behind him-

Levi: i killed them in 1500 in Scotland

Levi: yeah I'm 500 years old

Lance; So technically you're the old guy here. I was around in the civil war.

Levi: i was lucky i got stuck with my sexy 18 year old body -runs his hand down his chest licking his lips-

-Becca hurries from the room-

Lance; What's her deal? Aside from the obvious?

Levi: she has the hots for one of us.

Levi: i could sense her... not gonna say it

Jc: well I'm gay so...

Lance: She was getting off on one of us?

Levi: doesn't stop girls Jc. she can be hot for any of us but me cause she hates me

-Levi leaves the room skipping. Justin laughs-

Justin: i love that guy!

Lance: Sometimes hate masks love though. I would know.

-Levi goes down the hall catching up with Becca shirt still off-

Levi: Beck, ya gonna be okay?

Becca; yeah. Why the hell do you want to know?

Levi: because i care -he puts his arm around her shoulder- and your my partner

Becca: I thought you weren't a team player.

inner Becca; This is wrong. Its wrong. I can't be like this around anyone.

Levi: my ways have change for the good of human and mutant kind

Levi: and may i ask why your horny?

Becca; It's none of your concern. I need to go now.

Levi: see ya -walks the other way-

inner Becca; I am not to get into relationships. I shouldn't. Why do i even bother?

-she goes to her room and sleeps-

-Chris goes to Jc's room that night-

Jc: So you showed

Chris: you are smexy

-Jc is shirtless-

Jc: Same for you. Want me naked now or later?

Chris: can i play with more then one of you?

Jc: Of course. Threesome? Or more?

Chris: it is your body, you choose -kisses Jc's neck-

-Jc duplicates one of himself-

Jc: It'll be easier as a threesome.

Chris: hot damn -pushes the original Jc to the bed and the other one goes behind Chris-

-Levi is next door-

Jc; So oral or butt fucking?

Chris: both -he pulls down Jc's pants, leaning over and sucking on him-

-Jc gasps and grips the sheets while the clone goes down and sucks Chris-

-Levi is next door staring at the wall grinning-

inner Levi: i know what your doing... -his thought echos in their room-

Jc; Go away Levi!

inner Levi: sorry. I'll just listen

-the clone sucks Chris harder while rubbing his balls with his hands.
Real Jc has his hands buried in Chris's hair-

-Levi shrugs and goes to Becca's room knocking on the door-

Levi: want to hang out Beck?

Becca; Fine. I need to do something. I can't go on patrol anymore.

-she comes out-

-Levi smiles and they walk down the hall. a loud moan sound, like two Jc's, comes from Jc's room-

Levi: dirty boys

Becca: oh geeze -shudders-

-they walks down the hall and end up sitting on the stairs-

Levi: i wonder what they want us to do while we are here

Becca; They'll probably kill us and experiment on our bodies.

Levi: they aren't that sick

Becca; yeah right. they did kidnap us instead of asking nicely.

-Levi moves up, sitting behind Becca and rubbing her shoulders-

Levi; well they probably couldn't think of anything better. your really tense

inner Becca; Why is he touching me?

Becca; I don't have time to relax.

Levi: you need to relax ya know? i meditate everyday and it helps me out. you have time to relax. when I'm fighting, I'm singing Mary Had A Little Lamb or some other tune

Becca: I can't. I have training to do and patrols to do and demons that need taking care of.

Levi: I've been fighting evil since i was actually 18 and not 500

Levi: I've learned how to fit it into my life and you should too -moves his hands down her back-

Becca; Congrats. You got to wait an extra five years.

Levi: don't be angry -he keeps rubbing her back going lower- never be angry it doesn't help us but gives us pimples and wrinkles

Becca; I'll be dead before i get wrinkles. Slayers never live long.

Levi: how long do they live?

Becca; Depends on how good they are as slayers. Some live to be around thirty. But a lot of us are killed at eighteen when we're put through the test. After a slayer dies, the new one is called.

Levi: your not eighteen any more. and i want you to start taking control of your life and not let these people control you

Becca; To late now. I've left home and I don't have any friends.

Levi: well we're gonna become your friend

Becca: Good luck.

-Levi kisses the top of her head, rubbing the very lower part of her back-

Levi: quit being negative

inner Becca; What the?

-Becca feels her cheeks get hot.-

Becca; Why did you do that?

Levi: do what? -sits next to her-

Becca; Kiss me.

Levi: lots of people kiss each others heads as friends. why, did you not like it?

Becca; No one's done that to me.

Levi: here -kisses her head again- i did it twice.

-Becca blushes more-

Levi: you're blushing? I'm flattered -he pats her back rubbing it a bit more- so you want to head back to your room? i think the Jc's just sprayed all over Chris

Becca; yeah -turns to her room-

-Levi stands up and walks her back-

Levi: so you're gonna start being positive again?

Becca; Don't hold your breath.

Levi: night partner -kisses her cheek and runs back to his room-

-Becca goes into her room and cries into her pillow-

inner Becca; I don't know what to do. I hate him but I'm crushing on him too.

-next day-

-the guys and Jones are together in the main hall-

Jc: Damn that was awesome.

-Chris grins-

Levi: Jones why are you doing this to an old man? -walks into the room with a cane and talking like he's old and has no teeth, also bent over and walking slowly-

Lance; I'm glad I'm sleeping outside.

Jones; we need heroes. the people are losing faith in the government so they need someone to look up to. superheroes are the solution

Levi: but I'm old -still acting the same way-

-he has his hair everywhere-

Jones; But you're just as spry as ever.

Levi: I'm old

Jones; Alright. You've all got training today and then you can wander around town for a while. Then come back here and we'll have a further discussion.

Levi: you kidnap us, tell us to help you, but then let us loose in town?

Levi; i can easily kill you this second

Jones; You'll come back.

Levi: how do you know?

-Levi fixes his hair and throws his cane off to the side-

Jones; I just do. if you want I can keep you all locked up for months at a time.

Levi: i thought this is a free country? that's why I came here

Jones; So I'm giving you freedom.

Levi: you can't make us help you

Jones: You'll want to eventually.

Levi: why? why do we want to be kept captive like this and be your puppet?

Jones; I'm a puppet as well so don't blame me. I was just the one assigned to the case.

Levi: i see your logic -Levi puts his hands behind his back, spreading his legs apart and standing there calm-

inner Justin: wtf?

Jones; Well anyways we'd all best be getting to our duties.

Levi: give me my saber

Jones; Here -hands it to Levi-

-Levi grabs it and holds onto it-

Levi: now what are we doing today?

Jones; Training

Levi: with what?

Jones; There's some video chambers down the hall. You can train there.

-Levi nods and goes, the others follow-

Becca; So what exactly is he training us for? I mean normally the government just ignores mutants but now they call us? Somethings fishy.

Levi: i don't know and i just want to get this over with so i can get back to my cat

-he puts on the simulating helmet-

-everyone does likewise-

-they appear in a large grassy field-

Levi: looks like Scotland

Becca; Well this is nice scenery. Maybe I should move here.

-Levi walks a bit and goes up at the top of a hill, seeing a house-

Levi: fun

Jc; I wonder if there is an old lady there with cookies. I want cookies.

Joey; Want me to go check it out?

-Levi chuckles and walks down the hill. as they get closer his hand is trembling-

Levi: come on yal

Lance; You're shaking

Levi: i twitch from the excitement -grins and goes inside the house-

Levi: this house is old

Becca; No shit.

Justin: hey guys look at this. it says 'game challenge'

Chris: well read it

Justin: 'save the parents and family from the evil person. he awaits upstairs'

Chris: catchy

Becca: generic.

Joey; Lets go

Becca: I'm on it -breaks leg off chair and holds it like a stake-

-Levi shrugs and goes upstairs-

-they look inside a room and find a small child laying in a bed-

Levi: hey kid where is the evil person?

Becca; Watch it. The kid could be the evil person.

-the kid stands up staring at them-

Levi: kid? -his face is blurred-

Chris: he is the evil kid

Becca; Told you so.

-the kids face is shown-

Kid: they all are horrible to me. i want them dead!

-Becca lunges forward and kicks the 'kid'-

-the kid jumps up, kicking Becca in the face sending her to the floor-

Becca; AAAGH!

Kid: they hate me! why should they live?!

-Levi is standing against the wall-

-Becca gets up and starts attacking the kid relentlessly-

inner Levi: it's not okay, the kid is not...

-suddenly the kid holds out his hand and Becca can't breath-

Chris: Becca?!

inner Becca: Shit.

-the room begins shaking tremendously-

Chris: earthquake?!

-Levi was holding the walls, shaking with his eyes closed-

Levi: this isn't it, this isn't it, just let it end, let it end

Justin: dude cut it out. if your gonna do this, do it when we aren't in the house!

inner Becca; it's not real. It can't really hurt us.

-Chris sees a picture on the wall and looks at Levi, then back at the picture-

Chris: this is you! -points at the kid who is crying and still strangling Becca-

Levi: it was a bad dream, how do they know about me?!

inner Becca: Isn't it obvious? They need to use our weaknesses

Levi: it was a bad dream. i didn't mean do kill them!

-he walks over and cuts off the kids head, screaming. the game shuts off-

Chris: that was wacked

Becca; So one down, six to go. They're gonna use our weaknesses until they know what hits too close to home for us.

-Levi throws off the helmet and pulls out his light saber-

Levi: this is it. I'm not going to let them do anymore of this shit -he storms to the door, ripping it open-

Levi: I'm leaving

Jc; Good luck.

Levi: they have no right to enter my fucking mind -he runs down the halls-

Justin: i think we should go either help him or stop him

Becca; if we try to stop him he'll kill us. There's nothing we can do.

-Lance stands up and goes after him-

Lance; I'll see you guys later.

Joey: just stay Lance.

-Lance sighs-

-meanwhile Levi is storming after Jones-

Levi: JONES WHAT IS YOUR PROBLEM?!

Jones; What?

-Jones genuinely had no idea the video training would be like that-

Levi: you fucking invaded my mind, you ass hole. you went into my memories and pulled out something that wasn't true! it was all lies in that place! -he reaches out his hand, strangling Jones-

Jones; I -cough- didn't know -wheeze- they would go that far. I was told to have you go under the training and I -cough- did as I was told.

Levi: you invaded my mind! why should i let you live?!

Jones; Not me! -cough- it was not me. Don't ask me who it was. Cause I have no idea.

-Levi throws Jones against the wall and stands there trying to calm himself-

inner Levi: anger isn't going to solve anything. you know that too well

Levi: who put you in charge?

Jones; This chick. Aguilera is her last name. She's a mutant i think.

Levi: uh-huh. what else?

Jones; She wanted to use you guys for something. i don't know what though. But there's something big going on and whether you like it or not, you're involved.

-Levi sighs-

inner Levi: okay, she's a mutant and has something going on. I'm going to find out what but until then i have to calm. down.

inner Levi: calm... calm... calm... calm...

Levi: just breath slowly okay? -he walks off back to the room where the others are just sitting-

Levi: hi. I'm calm now

Lance: Good. I was about to come get you but Joey stopped me

Chris: so ya ready for another round?

Levi: yeah i am -he goes back to his helmet, breathing slowly-

inner Levi: i am calm. this is a game and you have to be strong and smart if your going to find out what is going on

inner Becca; Thankfully I didn't reveal my past to these guys.

inner Joey: What's next?

inner Jc: COOKIE!

Levi: why are you guys talking your mind? I'm the only one who can hear you

Becca; Maybe cause we don't want others to hear.

Levi: well come on

-they shows up a small town that is sort of broken down-

Chris: meep

Becca; Your hometown Chris?

Levi: Chris i have to ask you this, okay?

Chris: yeah?

Levi: i want you to hide your emotions. do not scream, do not smile, don't do anything. we will get in here and out of here as quick as possible, and if you show any hint of anything it will screw it up got it?

Chris: yeah -he breaths- I'm calm

Levi: lets go everyone. don't show anything emotion-wise, got it?

Justin: got it but i don't get it

Becca; Whatever.

Joey; Uh huh.

Lance; yeah

Levi: just trust me

-Levi's face goes blank and Chris leads them through this game-

-basically his house is on fire and little Chris was in his room having a nightmare. they had to save them all and kill the evil one-

Levi: Justin, put out the house

-Justin nods and does so-

Levi: you guys go find the people and get them out safely. I'm going to make this quick

-pats all of their shoulders, especially Chris's, and goes in-

Becca; What now?

-suddenly a poor child screams and the game goes black-

Chris: you killed me

Levi: it's a game Chris. it is not real

Becca; So what about people who don't have traumatic pasts?

Levi: they'll twist it up. find out what's most important to them and probably have them hurt them -looks at Joey- guys i need you to hide all emotions and just do it, got it? just do what i say and this will be over

Levi: it is only a game

Joey: Playing on our fears... these people are sick.

-Levi puts his helmet back on and they show up in a nice house-

-Joey breaths deep-

Levi: no one do anything

Jc: So who's mind is it that they're messing with now?

Chris: who do you think? -a five year old girl walks out of a room, looking sleepy-

Becca: Dear god, I actually wear my hair like that as a kid?

Joey: No... It's mine.

Becca; Damn.

Levi: hi little girl

-the girl looks at Levi and walks over to him-

Kid: do you know where mommy is?

Levi: no i don't

Kid: she's in the kitchen but she said i had to get out or else. can I see this? -he reaches out, touching his light saber-

Levi: I'd rather you didn't little girl

-she stands there, staring at him, then reappears on the stairs with his saber-

Kid: i get what i want

Levi: kid i need that back

inner Joey; That's like Bri

-a woman walks up behind her, holding a knife-

Mom: honey what do you have?

Kid: this -holds it up-

Mom: i told you to never steal! -she slaps the girl and she falls down the stairs-

-Levi catches the girl on her way down-

Levi: what is the point of this game?!

Chris: they are both evil. it won't end unless they both die

inner Joey: That's not Kelly. That's not my wife and daughter. No. No. No!

Levi: everyone breath. it is a game -Levi puts the girl on the ground and walks back-

Kid: save me from my mommy please!

-Joey is trying hard to remain emotionless-

-Levi reaches out his hand and lets out an electric current that hits the kid and she screams in pain-

Kid: daddy help!

Levi: it's a game

inner Joey: Only a game. Not my daughter.

-the mom has his saber since she took it away from the girl-

Kid: DADDY HELP ME!- she holds out her hand to him-

-Levi hits her with both of his hands-

Becca; Want me to take care of the mom?

Levi: everyone go after the woman, quick

-soon the girl's screams echo in the house and she falls to the ground,
on fire and dead-

-Becca charges the woman and kicks her to the ground. Lance claws
her, Justin freezes her to the floor, and Chris burns her to a crisp.
Joey just stands there in shock-

-Levi gets his light saber back and ends the game-

Levi: Joey are you okay?

-a single tear trickles down Joey's cheek-

Levi: i would never hurt your little girl like that, understand? she is
safe and with her mom now who would never do that to her

Joey: the sick bastard who created this is sick

Levi: come on. we have to go to another place. we are almost done

-Levi breaths and puts his helmet back on-

-they show up in a hospital but its more like a autopsy place-

Levi: what the hell?

-Levi looks at Lance-

Lance: Oh god... -looks away-

Becca; Hey take a look at this -takes the sheet off of one the bodies, it's a child-

-a few people walk in the room,taking away one of the children-

-they hide and watch them take the child away-

Levi: come on -they follow them-

Becca; So what's his story?

Joey; I don't know but it can't be good.

Levi: come on

Levi: so many kids -they look through the window-

Jc; So Lance killed kids?

-there are several kids in there and Lance is there too-

Becca; He said he was a pediatrician.

Levi: Lance, what did you do? -Levi is struggling to hide his emotions-

Lance; I... I was a pediatrician at one point in time. But during the sixties and seventies the government had me work for them... all these children -he looks sick- are my victims. and these are only the children, there we're more adults

-one of the kids wakes up and tries to get away from Lance, but Lance takes a knife and goes after them cutting their throat-

Levi: oh god... -Levi goes green and throws up-

Levi: you sick bastard

Lance; End this. End this now.

Levi: i should end you

-Levi goes into the room and pulls out his saber. the Lance is there, gets angry, and his claws go out and he attacks Levi-

Levi: you are a sick man! you are filthy sick bastard

-the doctor Lance just smiles, but it's a fake smile. there is some regret in his face-

-Levi throws the doctor Lance to the floor and cuts him in half, but the game doesn't end-

Levi: wait what?

-they watch as that Lance bleeds all over the floor-

Lance; i regretted doing what i did. I still do. That wasn't the evil one.

Levi: wait, you had two of you?

-Levi looks and sees the claws are bone-

Lance; no, there is only one me, but the evil one in this game is not here.

Levi: its a two part?

-the room fades out then opens up again in a different place-

-they can hear a Lance talking with another man-

Lance; i was given a surgical procedure to make my bone claws metal

Man: are you ready bass?

-they look through the window into the other room-

Lance 2: Yes

-they get him into a water tank-

Jc: it is like that wolverine movie...

Man: start it

-they watch as they inject large needles into his body in several spots
and inject a metal-

Man: -once it is over- wipe his memory now

-the Lance in the tank starts freaking out-

Man: hurry now!

Levi: wait, wipe your memory? why the hell would they do that?

-then the Lance shoots out of the water, naked-

-Levi chuckles-

Lance; To keep me under their control and make sure I obeyed them without question. They were going to make me the perfect soldier.

Levi: i play with this one? -pulls out his saber and goes after the naked Lance- hi nudest

Becca; Be my guest.

Inner Becca: So he's gay.

Lance 2: i want him back! give him back! -attacks Levi-

Levi: want who back naked boy? -when he cuts Lance's arm it heals, and he can't get his saber through the bone- shit

Lance; I can do it.

Lance 2: my Brian! you took him from me! i want him back you dick!
-cuts Levi's finger off-

-Levi screams-

Levi: fuck! you ass!

-Levi slams the Lance to the wall and stabs the light saber in his chest, cutting up his body as other Lance drives his claws into his side-

-the game ends when that Lance dies-

Jc; that was intense.

Levi: your Brian tried to kill me, Lance. i had to kill him! -Levi takes off his helmet checking his body- I'm glad I still have my finger

-Lance starts getting angry-

Lance; I can't do this anymore! I loved him! You took him away!

Chris: wait I'm lost here

Levi: he was mad, he was nuts! he was evil and you were going down a horrible path!

Becca; So you two know each other?

Lance; I loved him! I'll never find someone like him ever again!

Levi: Lance and Brian were hunting me. i hated the government and they were going after me, trying to either get me to join or kill me. i killed Brian. Lance took the metal thing because they wanted him to forget Brian and go back after me, but he wasn't told about the memory thing. yeah, i forgot about it because it was so long ago and I never knew about him being a doctor before that. I probably hid the memories in my mind for a good reason.

Lance; I gave up on revenge long ago. But I'll never forgive you.

Levi: if i didn't kill Brian, Lance, you'd still be part of the government and trying to kill me. Brian had to die -Levi grabs his helmet- come on we have three more to go

inner Lance; So instead I have to go on without the one i love.

-Levi puts the helmet back on-

Justin: yay, hidden conflict!

-once again they are in a hospital. this time though it's a kid next to a woman in a bed. the woman looks like she's dying-

Jc; no... it can't be.

Becca; i hate to admit it but you were cute as a kid Jc.

Levi: guys its a game. its not real... except for Lance's was too real

inner Levi: i want to know why they played that if they want us to get along

Little Jc: Mommy. No. You can't. You're supposed to take care of me.

-they are in hiding-

-Jc looks away looking like he's about to cry. He was really close to his mom as a kid-

Levi: Jc, hold this together for us

inner Levi: I want this to end now

-the mom and kid keep talking until the woman flat lines on her heart monitor and the kid starts bawling-

Levi: how do we get out of here?

-the nurse comes in trying to get little kid Jc away from her, but he suddenly duplicates and attacking everything in a fit of rage-

Becca: Now?

Levi: okay, Jc is a bad guy. everyone take a kid

-Levi storms out and literally heads go flying-

Becca; I call dibs on the one on the window!

-Becca starts kicking the shit out of the brats-

-Jc is crying and Chris holds him-

inner Levi: Becca is enjoying this too much, this isn't suppose to be fun

-Joey and Justin start playing little kid whack-a-mole-

Levi: Jc stop your crying! -Levi yells it sternly and Jc stops-

Chris: breath Jc, it's a game. have fun killing yourself! -he goes and sets a kid on fire then the game ends-

Chris: i chose the the real one! or Becca finally killed hers

Becca; No. I was on my eighth one when it ended.

Levi: Jc it was a game. I'm sorry that your mom died but mine went too

Jc; Mom... -sob- Mom...

-Justin hugs Jc tightly-

Joey; look, we don't know how you feel. you were obviously really close to her. but we need to keep going. the only way we can end this is to keep moving forward

Jc; I know -sob- I know

Justin: its okay Jc. come on, next one

-they put helmets back on-

Levi; everyone has to be strong and face everything here, got it?

Joey; It's easier said than done.

-they appear in a downtown area of a big city. a girl about twelve or thirteen is walking down the street, typical awkward teenager.-

Levi: hi Becca's world

Becca; oh holy crap...

Becca; I can't believe they would do this... I never wanted to remember this day.

Lance; What is it?

Levi: Becca...

Becca; The day I became slayer.

-they watch as the scene unfolds-

-thirteen year old Becca is walking home when she sees a girl fighting with her boyfriend. something doesn't seem right about him though-

Becca: He had been home sick for nearly a week. i wanted to see him.

-all of a sudden her boyfriend snaps the woman's neck and she falls to the ground. he then sees Becca and charges at her-

Becca; Brendon....no.

-instead of running and screaming like she normally would have done, she sends a reflex kick at his face that sends him flying against a wall-

Becca; oh god no. i can't watch this -the fight continues for an hour-

Joey; So who are we supposed to kill?

-Levi watches slowly-

Levi: i think Becca because she is now destroying everything because her boyfriend is dead

Levi: alright guys, after this we have Justin -Levi runs out and about ten minutes later it ends-

Levi: why is it always me killing them and ending it?

-Becca is stone faced-

Chris: you can hide your emotions better

Joey: and you don't really give us a chance.

Levi: sorry do you want to kill the one in Justin's past next Joey?

Justin: meep

Joey; gladly

-they put their helmets on-

-they appear at a college and they find a boy cowering in a corner, and he barley has his clothes on-

-Justin whimpers covering his eyes-

Levi: you were raped?

-Justin nods-

-they watch as a few guys and girls come in taking pictures of Justin. Justin cries and soon becomes angry, screaming and standing up turning into a block of ice attacking them all. they all freeze instantly and he charges right at Levi and the guys-

Levi: okay try to kill the ice block Joey

Justin: it wasn't like this. it was just the pictures. it showed up in the newspaper as 'party boy got dirty in the library'

-Joey goes at a high speed punching the ice block which shatters-

-it ends, the whole training time ends-

-Justin leans against the wall-

-Jc begins to weep again-

-Joey is still traumatized-

-Becca looks stone faced-

-Chris is pacing-

-Lance is glaring-

Levi: I'm going to go meditate, who wants to join me?

Becca; that's it, I'm gone -storms out slamming the door behind her-

Jc; Same here

-Levi watches her go, and then Lance punches him in the face before leaving too. Levi is on the ground groaning-

Levi: i was just trying to help

Joey; well instead you ended up doing more harm then good -leaves-

-one by one the others leave too-

-a girl comes in and goes over to him, checking his face-

Girl: I'm so sorry. Here, let me help you

-she takes him to the docs and puts ice on his face. they talk for a while and he just knows she works there and her name is Chrissy-

Levi: that is a nice name

Chrissy: thank you darling. want to go get some coffee?

-Levi nods and they head out-

-over the next couple of weeks, it seems Levi hangs out more and more with Chrissy, and with each passing day the guys seem to build up anger against him because he is changing. though Levi tries to be friends with them, he knows something inside them all is ready to snap-

-the next day-

-the day comes when they are to suit up and battle together, and Jones walks up to the group to tell them their mission-

Levi: well make sure Lance is on a leash because he might do something stupid -Levi is calm-

-Lance fumes and then all hell breaks loose-

-Lance attacks Levi then the others join him-

-Chrissy pulls Levi away before he can get too hurt-

Justin: get him the fuck out of here he has brought nothing but pain!

Chris: kill him, do whatever you want. i hate him, he is a dick

-Levi is emotionally hurt by them turning on him so suddenly-

-Becca is torn, she still likes Levi but she's angry that he's so cold-

Levi: i hide my emotions and you all obviously can't do that!

Becca: at least we don't act cold and compassion-less.

Levi: i have to -his nose fixes up-

Chrissy: come on Levi. i know where you can help me out.

Levi: I'd rather be dead than with these freaks that are controlled by emotions and have these stupid feelings run their lives. I work alone and if I must work with someone it better not be with people who are weeping over their dead mother 24/7, have a family that they can't shut up about, has a dead boyfriend that I killed for their damn safety, can't face facts who she is, and can't get over a stupid fire killing family or a pathetic rape!

-Becca screams and punches Levi before running out-

-Levi storms out, Chrissy following closely behind-

Chrissy: you don't need them Levi

Levi: yeah, i don't. they suck

Chrissy: you can help me out then

Levi: yeah, sounds like a plan -she kisses him and Levi smiles-

-meanwhile-

Justin: i want this day off this mission can fucking wait -runs off-

Joey; what was it again?

Jones; Investigate a robbery, it can wait

Becca; HE CAN GO TO HELL!

Chris: fucking bastard is so selfish

Lance; He needs to get the fuck over himself and realize that he needs to show a little empathy

-Jc leaves the room in tears-

-they all take the day off trying to cool off-

-the next day-

-they head into town to check out the crime-

inner Becca; Levi has done nothing but made us all feel terrible

Justin: so what are we checking out?

-Jo is calmer now but he's still pissed-

-Chris is blank-

Joey; We need to figure out the perpetrators of a robbery

-as they get closer, they see news vans everywhere and people swarming someone-

Chris: what is going on?

Becca: If it's Levi, I'm gone

Levi: yes it wasn't that hard. they left obvious clues that anyone can figure out

Chris: bye -goes back to the van-

Becca; Later guys

Joey: He is a selfish son of a bitch -goes back-

Jc; Bastard

-Chrissy is nearby grinning-

inner Chrissy: it's working. just a bit longer and i can get him to be my perfect weapon...

-Lance spits on the ground and goes back-

-Levi grins and lets his picture be taken but he feels something in the back of his head-

inner Levi: something isn't right here. I am not suppose to do this... am I?

-Chrissy takes him back to the building and takes him to her office to 'celebrate'-

-meanwhile the others are all brooding in their rooms. Becca is up on the roof looking out-

-the same event seems to repeat day after day, Levi being there before the others show and is bragging about it to the press, Chrissy off to the side-

-one week later-

-they all get their things together, ready to leave-

Justin: i can't wait to get back in town. this month has been hell

Becca; I'll never see you guys again probably

Chris: we will, I'm sure

Joey: I'll keep in touch. I'm sure Kelly would love to meet you all

Lance; I'll keep that in mind

-a man walks to the door and stands there, waiting for them to notice-

Jc: Later guys -turns around- You need something!?

Man: Lance? is that you?

-Lance turns and stares at him-

Lance; oh god... -drops his bags and runs to him- Brian, dear god I thought you were dead!

Brian: no! someone found me and helped me. I thought you were gone! -hugs Lance tightly- i missed you so much baby

Justin: um...

inner Chris: is it just me or something fishy going on?

Lance; I've missed you so much. Come on. I've got a place not far from here. We can stay there.

Brian: actually... I live here. I've been working on the top floor but I never knew you were here! -kisses Lance deeply- I've never stopped thinking about you...

Lance: I've never forgot about you either... please Brian come stay with me, I don't want to lose you again.

Brian: I can't leave, this is where I live. stay here Lance! we can work together again. remember that time when we were on a mission and we had to stay in that cave together and we were all wet... -Brian smiles, kissing Lance again-

Lance; Okay. I'll stay with you.

-Brian holds onto Lance, kissing him more and more-

Chris: so do we stay or what?

Brian: you all can stay here. we can use you I know we can!

Justin: you seem like a great guy Brian. we heard about you

Joey: yeah, a lot

Jc; nope, we don't have long lost boyfriends and I don't want to spend another minute around Levi -heads for the door-

Brian: wait Levi? Levi Wood?

Lance; yeah. the son of a bitch is here.

Brian: guys, he was moved to work somewhere else. he and Chrissy went somewhere far in a different state i believe

Chris: wait he did?! HOT DOG!

Jc: I don't care.

Brian: guys stay here and work with me and Lance.

Joey; Jc. Levi is not here anymore. We don't have to deal with him.

Chris: come on doll -rubs his back-

Jc: Fine.

Becca; too many memories. I'm heading to LA

Brian: i heard about you. you're a slayer? man I'm, like, a huge fan of slayers. they are so cool!

Becca; Only one slayer at a time. as soon as I'm gone you can fuck the next girl with the power. Unless you're into potentials.

Brian: i want Lance, man. can you like teach me some of your stuff? I'm like a cat so I might be able to do some of your stuff. God, a real life slayer!

Becca: Suck up. I'm not staying.

Brian: please!

Chris: come on Becca!

Becca; FINE!

Brian: awesome!

Becca; ugh! Alright I'll stay. But everyone leave me alone!

Brain: deal. this is cool -holds onto Lance kissing him again- come on babe, I've missed you so much -grabs his bags taking him upstairs-

-Becca storms back to her room locking herself in-

Jc: this is going to be a weird year.

-the next week-

Brian: hey guys, i want to show you something really cool

-Becca looks up from her book irritated-

Jc; What?

Justin: i like cool things

Brian: you'll see. come on Lance you'll really like this

Lance; Alright.

-they go up the elevator to the top floor that's really advanced and fancy-

Becca: I've passed this floor on my trips to the roof.

Brian: you'll love this

-they go into a room and there is a lab similar to what Lance was in when he had the metal put on his bones-

Brian: cool huh? we use this to make government weapons

Becca; I still like my wooden stakes.

Jc; Still these are pretty awesome.

Brain: and we have this -presses a button-

-the tank in the middle of the room fills with water, and needles and other equipment come out of a wall-

-Lance gasps... it was the same one used on him because it has his claw marks-

Brian: see baby?

Lance; yeah... I see it. Brian, babe, no offense or anything, but can we not look at that?

Brian: why? its great! it's what made you who you are -rubs his back, kissing him- they won't do it to me though

Lance; It just brings back some painful memories.

inner Chris: something is up here

Brian: Lance, I never died. I know it was hard, but... -Brian sighs,
hugging Lance- I'm here now. don't worry

Lance; I know

Chris: hey... um, whose your boss?

Brian: my boss?

Becca; the person who calls the shots

Chris: yeah, ya know like the person who made this whole thing in the
first place?

Brian: oh -he stands there staring at the wall for a moment, then
smiles- right this way -leads them from the room holding onto Lance-

-they reach the room and a woman is staring out the window-

Brian: here they are ma'am, just like you wished for

Becca; Wait a second...

Jc: You didn't...

-she turns around-

Chrissy: remember me Lance?

Becca: YOU SET US UP!

-the door locks-

Lance; oh god.

Chrissy; have a seat kids

-Becca goes after the door pounding on it-

-brain smiles and sits down, pulling Lance into his lap firmly-

-the others sit down-

Chrissy: Becca, dear. sit down -shoots dart into her neck and she falls to the ground numb- now... how are all of you? do you want some coffee? tea? milk? cookies?

-all are silent-

inner Becca: If I could move I'd give this bitch the finger right now

Justin: you bitch

Joey; You made us go through hell and back.

Chrissy: I was just trying to make this world a more safer place. you see, God made mutants so they can help serve humans. I, on the other hand, was chosen so I can make it all happen

Chrissy: you see, when I got Lance and Brian to work for me, I met this very rebellious boy. I think you know him

Becca: I am not a mutant. I am human.

Joey: Becca calm. Yeah we know the bastard

Chris: I knew something fishy was going on

Chrissy: well Levi was very stubborn and wouldn't see my reason, actually he thought that I was evil, can you believe that? so I sent Lance and Brian after him. Brian and Lance were getting to close. when Levi attacked Levi and Lance was sent down river, unconscious, I had my men get Brian and wipe his memory, hiding him away

Chrissy: it broke Lance's heart, but I had to do that because they fell in love and I wanted him to become my first human weapon that could never be destroyed. but he rebelled and disappeared

Chrissy: I found him once again and my special Levi. I knew that if I could get Lance the way he is he would be able to get my Levi to me.

then I would be able to make a weapon so powerful it could take over the world, if you made millions of them. we are still working on the cloning process

Chrissy: but now i was able to get close to my Levi. He never saw my face before so it was easy to slightly disguise myself so Lance wouldn't know any better

-Brian is holding Lance tightly in his lap still-

Joey: So where do we come into play?

Chrissy: your all very strong but like he said, you just have too many emotions and are stubborn. I would wipe your memories but I have no use for you any more. I just want you to watch me finally make my weapon

-she presses a button and two people roll in Levi who is lying in a tank full of water and needles are all at the ready. he has a breathing tube and he is wide eyed-

Chrissy: he's not dead

Becca; GOD DAMN YOU!

Chrissy: just paralyzed. damn that's what I get for him being a Jedi. he knows right from wrong so he figured it all out quickly. so now I press this button and watch as I show you how I made our Lance here

-she presses the button and the needles go into Levi, injecting the metal. Levi screams but isn't able to move-

inner Becca: Why the fuck do i care about what happens to him? Let the son of a bitch suffer. I should consider it punishment for how cruel he's been to us. But I just can't.

Chrissy: he can fall for my tricks so easily. my gift is I'm able to make people do what I want them to do with one touch. he can get so evil, can't he?

-Becca is shaking with rage. Joey is inching towards the door. Jc is sitting there shocked. Lance looks betrayed-

Chrissy: when i wanted him to do this, he finally realized who I am. i was able to paralyze him before something terrible happened

Chrissy: well now, I'll just wipe his memory once this is done -she files her nails and Levi's screams are heard... then nothing-

Brian: Lance calm down. you'll have your memory taken too then we can be together like the way we have to be

Lance; Brian... why? You're not the man I loved once

Brian: I was just told to do what what she told me. I don't even remember you, but I know we both are needed to help her out

-Lance pushes away-

-Brian holds him tightly-

Lance; get away from me.

Chrissy: calm down Lance

-Levi begins to squirm in the tank-

Chrissy; okay, now it's time for me to wipe his memory

Lance; CALM DOWN!?! YOU THINK I CAN CALM DOWN WHEN I'VE JUST FOUND OUT I'VE BEEN BETRAYED BY THE ONE I LOVE!?!?

Chrissy: he doesn't love you Lance, he never did. he's my twin brother and he's always been under my control. when you first met I made him fall in love with you, so I could get you close to me. it worked didn't it? -she laughs-

-Lance screams and lets his claws out slashing at Brian and running to Chrissy slicing open her chest-

-she screams and presses the button that pushes a needle inside of Levi's skull-

Justin: it's gonna wipe his memory...

-Chrissy heals back up then grabs Lance's arm-

-Lance slashes her again, this time in the neck-

Chrissy: those mutants have helped me out a lot now listen to me!

Lance: NO!

-her neck heals and Lance can't help but listen-

-Chris runs over to Levi trying to stop the needle-

Chrissy: you will obey me Lance

Lance; I don't want to...

Chrissy: yes you do. if you don't, your real love will die -points at Levi-

Lance; Levi...

-Chris is getting fed up with the needle and blasts fire at it but it doesn't do anything-

Chris: ugh, he's gonna lose it all. come on get out needle!

Becca; Damn it. Levi I hate you but I'm doing this anyways -goes over to needle and kicks it, since the numbing stuff wore off-

-the needle doesn't budge and they watch as it suddenly pushes passed the skull and into his brain-

-then the tank explodes, and everyone in the room is sent against a wall-

Chrissy: what the hell?!

Lance; huh?

Chris: hell of a kick Becca!

Becca; Shut up.

-they all look up and Levi stands up... completely naked-

Justin: damn boy

-Becca goes red for a moment-

-his eyes were red-

Chrissy: Levi?

-she walks over to him-

Chrissy: I know you don't remember anything, but you can trust me

Becca; NO YOU CAN'T SHE'S AN EVIL BITCH!

-Chrissy suddenly gasps as her windpipe is closed up-

Levi: i remember everything ya bitch

Chrissy: NO!

-she is thrown out the window. she's dead once she hits the ground from the lack of breathing-

-Levi stares out the window, clenching his fists-

Joey: and the moral of that story is 'do not mess with a pissed off naked Jedi'

Levi: give me clothes -he growls looking at them all-

-Brian was lying on the ground slowly bleeding-

-Becca takes off her jacket-

Becca: Here

Levi: and patch up Brian -takes the jacket, wrapping himself up. it's long enough to cover everything cause it is a trench coat-

Justin: what? do you know what he did this whole time?

Levi: yes i do -Levi is stern- now patch him up he will make it

Levi: I finally understand what is wrong with Brian and I can help him. when they were born, Chrissy had complete control over Brian. she didn't wipe his memory, just covered everything up. deep inside, Brian has his own feelings and he does love Lance but wasn't able to do what he wanted. now he can do what he wants, but I have to try to get his memory back -Levi walks from the room, dripping water, and sending the doors flying apart-

Lance; I'm gonna be downstairs for a bit -leaves-

Becca: I'll get the medics

-Chris picks up Brian and they get him medical attention. Levi gets dressed-

-Lance goes to Levi's door, knocking-

Lance; Levi?

Levi: come in

-Levi was staring at himself in the mirror, only in boxers-

-Lance enters-

Lance; I just wanted first of all to say I'm sorry.

Levi: it wasn't any of our faults. you did what you felt and I did what I was told. even Jedi's can get clouded minds

Lance; you were right though. my judgment was clouded by emotion and a need for vengeance that I thought had died a long time ago

Levi: Brian has always loved you Lance, I know that now. i just need to get him awake and his mind in order. he's finally out of his sister's spell that he was cursed with when born

Levi: his sister was powerful and evil. she had a black heart

Levi: she was made by the devil for his own needs, not literally but you get it

-Levi bends his fingers and twists his body-

Levi: now I'm even more invincible then before. not wonderful

Lance; every hero has their kryptonite

Levi: you should go to Brian

Lance; yeah -he turns to leave- and i think i know who Becca was crushing on

Levi: who?

Lance; you

-he leaves-

-Levi stares at the mirror-

-he soon dresses then heads to Brian to start working with him. Becca watches Levi, while she pretends to read-

-soon Brian wakes and is sobbing, his mind finally free to do as it pleases. He holds tightly to Lance-

Brian: I'm so sorry! I couldn't help it, it was just... Lance hold me

Lance; okay. It's okay. I'm right here.

-Levi smiles-

Levi: good luck you two. Becca, can I talk to you?

Becca; Really good chapter.

Lance; Becca you haven't turned the page once.

Levi: Becca come on -drags her from the room-

Levi: i know you have a crush on me Becca. i also wanted them to be alone together

Becca; My secrets out and the best part is that it's not even a good one.

Becca: I just had to quote Fall Out Boy

Levi: the worse part is I don't love you back, at least not in that way

Becca: no shit Sherlock. you don't think I don't already know that?

Levi: love is when you want the best for the other person, always. I feel that towards a lot of people in this world, but I'm not sexually attracted to you

Levi: you'll find someone else but try to not get off on me every night

Becca: Okay, here's the thing. I've tried to forget entirely about you but you keep showing up in my mind. I've never had a boyfriend since Brendon and now I feel those feelings towards you. I never said anything about my feelings cause I knew you weren't interested. So don't remind me okay? -wipes her eyes- damn it now I'm crying. you did not see me cry are we clear? -turns and leaves-

-Levi drags her back and kisses her lightly on the lips-

Levi: you will find someone. To be honest, you will find someone better than Brendon and better than me

-he wipes away her tears-

Becca: I wish I could believe you -begins to walk away-

Levi: if you want to know, I can't see myself being attracted to anyone. with Jedi's, I guess we can't really show our emotions like that. I'm glad I'm able to control them so well but sometimes...

Becca: Being emotionless doesn't help anyone -turns corner and leaves-

-Levi goes to his room trying to meditate but instead gets a headache-

inner Levi: I've never been able to show emotions. it's my nature and when people take over me I'm able to act normal in a horrible way. i just don't know how to show them... I wish I could be more passionate but all I can be is serious and a comedian -sighs out loud-

-meanwhile-

Brian: I love you so much Lance I really do

Lance; Me to baby.

Lance; How are you feeling?

Brian: it feels weird but I know I'm finally able to make choices, like these chains have been freed from everywhere. and i remember everything!

Lance: that's good

Brian: that night Levi 'killed me', he really was able to get my mind free but I went unconscious. He really thought I was going to die so he wanted me to be free when it happened. then my sister found me and

locked it up again, keeping me alive. i watched as you went down the river and Levi running off. I wasn't able to go after you because of her. I'm so sorry -holds onto his hand-

Lance; Baby I forgive you. I'm just glad you're back with me.

-Brian pulls Lance on top of him and kisses him his hand in his hair-

Brian: I love you so fucking much

Lance; I love you to -kisses Brian, taking his shirt off-

-Brian smiles, rubbing his bare back-

-Lance unties the strings on Brian's gown and pulls it off of him-

-Brian sighs and rubs Lance's back more-

-Lance goes down to Brian's cock and starts sucking-

-Brian gasps-

Brian: I remember this

Lance: Good. than you should remember this... -swallows a few times-

-Brian moans, holding Lance's hair-

-Lance sucks harder cupping Brian's balls-

Brian: oh Lance, I want you to fuck me please

-Brian literally purrs-

Brian: the cat and the wolf. ain't it sexy?

-Lance goes back up while getting out of his pants and boxers-

-he growls-

-Brian kisses Lance strongly-

-Lance hoists Brian's legs up over his shoulders and rubs his cock to get it nice and hard before aligning himself-

Brian: I love that big cock -Brian groans as Lance pushes in-

Lance; and I love riding you with it

-Brian pulls Lance down on top of him, his wrapping his legs and arms around his body, moaning and gasping and grabbing at Lance's back-

Brian: oh fuck. more Lance. yes, right there

-Lance speeds up more and pounds harder-

-Brian kisses Lance, gasping more-

Brian: I miss everything. I wanted you so bad, but I wasn't able to show you how much I did. Chrissy will rot in hell -Brian gasps-

Lance: Want me to cum inside you or on you? -Lance growls rubbing Brian's cock-

Brian: in me please -Brian sucks on Lance's shoulder, grabbing at his ass- I'm close Lance

Lance: okay... ah fuck -cums in thick spurts into Brian-

-Brian cums onto Lance and himself, grinning-

Brian: oh yeah

-Lance pulls out smiling and laying down next to Brian-

-Brian covers them and he presses against Lance's front, his face in his neck-

Brian: love you -kisses Lance-

Lance; love you too -kisses Brian and holds onto him before falling asleep-

-Brian falls asleep too-

-elsewhere-

Chris: Jc? -he is nude next to Jc, both of them hot and sticky and panting-

Jc; yeah? -he's grinning-

Chris: I think I'm falling for Becca

Jc; Ha. Good one.

Chris: no joke -looks at him- there is someone for everyone Jc

Jc: but... but I thought...

Chris: I thought so too -snuggles to Jc- it might be just a temporary thing but I don't know -he rubs Jc's side-

Chris: just want you to know

Jc; Please Chris. I really like you. I don't want to let you go.

-Chris kisses Jc-

Chris: i really like you too

-Jc holds onto Chris, snuggling into his chest before falling asleep-

-Chris holds him back, scared-

-the next week-

-everyone heads back to civilization and Levi sets up a 'headquarters' in a sense with Joey, so it was a penthouse place and very high tech-

-everyone lives around the penthouse so they could get their quickly-

Levi: Joey you are too smart for your own good

Joey: yeah, I know

Brian: this is very fancy -scanning the room while Lance is holding his hand-

Becca; Not too shabby

Jc; shiny...

Chris: breath baby

Lance; weirdo -hugs Brian-

Becca; and I thought I was bad on caffeine

Levi: now, now. lets all get along -he says it in a little boy voice-

Levi: so Joey you said something about consumes you made up for each of us?

Joey; Just ideas really. They're kinda cheesy but we need to keep our identities hidden -pushes a button on the main remote and the costumes appear on a wall-

Levi: each one is special for each persons ability? -looks at them- this is like a lot of movies

Joey: Yeah.

Becca; I'm not wearing that.

Chris: sweet.

Jc; awesome.

Lance: I'd wear that.

Levi: Joey is a male he had to make it slutty Becca -grabs his costume- but I must say this is taking on a Jedi look

Becca; It's not that it's slutty. my clothes get ripped up all the time. the problem is that it's baby pink.

Levi: yeah that is scary. how about, Joey, you make them again but make them all look the same? I'm not running around in Jedi clothes - they look like the ones from the movie-

Joey; Okay. Sorry I got a little carried away.

Levi: its okay we still love you

Becca; Just let me wear normal clothes.

Levi: make them look as normal as possible but ya know make this 'custom' to our powers. okay so what other cool stuff do you have?

Chris: anything I can burn?

Joey: weapons closet -opens door to that with remote- and if you need to light something on fire Chris, Kelly wants to do barbecue tonight.

Chris: fine. I'll be there at five

Justin: cool weapons

Levi: SABERS! -he goes over pulling one down- what color? -turns it on and its red- sweet...

Becca; good. you remembered the stuff I like -holds up stake-

Levi: how did you learn to make them?

Joey: Just find the right kind of chemical combination to make the crystal and then find a way to get it to react to Levi and Levi alone.

Levi: good so no one else can use these. smart Joey. I don't trust Becca with something this complex. my old one was like this only anyone could set it up

Becca; I prefer to use wood Levi.

Levi: still, you can be tempted -swings the saber around then turns it off putting it back- me likey

Becca; I'm just as prone to temptation as everyone else here

Levi: okay then, I don't want anyone playing with them. you guys can have the guns and wood

Joey: and axes. all the old fashioned stuff.

Justin: well I use ice and water. I think Jc and Joey will be the only ones using guns

Lance: I have my claws... and I think Becca will be the only other person using weapons.

Levi: I think it's settled then. anything else Joey because I have some writing to do

Joey: That's it for now. I gotta get Bri to piano lessons.

Levi: if you want I can teach her for free if you ever hate having to blow 100 bucks a month -Levi stands in the window- you know where to find me -he jumps down landing on his motorcycle parked in the ally and drives off-

Chris: Jc plays piano too man

Jc: I don't do well with children

Joey: I might just take Levi up on that offer.

Chris: I think your kid will like Levi a lot. Levi can have tea parties with her and play dress up

-Justin chuckles-

Joey: He'd never get any rest. Thankfully now that mommy and daddy have new friends there's a lot more people to distract her so we can have rest.

Justin: is that man gay or straight? I think he's like asexual or something

Joey: it wouldn't surprise me.

Brian: shall we go Lance? -they both work as pediatricians-

Lance: Yeah. we should get going.

Brian: see ya!

Jc: Later.

Joey: bye!

Chris: come on Jc we have to get ready to crash Joey's BBQ

Jc; YAY!

-they leave before Joey can protest-

Justin: I'll see ya man. I have school work

-Justin waves and goes-

Becca: I'm gone -leaves-

-Joey shrugs and gets home-

-next day-

-Joey shows up at Levi's loft that is down the street from the lab and has Bri-

Levi: ahh so you want the free stuff?

Joey: Yes. as it is we need to be saving more money. and we can't be blowing our budget on over priced lessons

Levi: well I'm free and I hope Bri is a fast learner. what powers did she inherit? your speed, your brain, or both?

Joey: My brain mostly.

Levi: mkay. hi Bri you can call me Levi -holds out his hand-

Brianna: hi Levi -waves to him-

Levi: alright lets get this started then. how long do you want practice to be for her?

Joey: About an hour or so. That's about how long she'll sit still.

Bri: Wanna play now

-Levi holds up his thumb and walks Bri into the very large and white loft-

Levi: i hope the white doesn't blind you

Bri; Bright.

-the other side of the room was all window and it had a view of the city and the sun shines stright into it-

Levi: the windows are tinted so it not that bad

Bri: okay.

-levi walks her over to his grand piano that was long and very shiny-

Levi: this thing is very old. i've had it since the 1700's and just got it restored

Bri: Pretty. daddy said I should be very careful around old things.

Levi: don't worry. its just very sepcial to me and i trust you since your smart

Bri addy says I am.

-levi also had a large flat screen and a nice black couch the curved into a half circle around it. it was just oppostire of the door on the right. the left was his kitchen that was like a bar-

Levi: so what do you already know about the piano?

Bri: Scales.

Levi: thats it? man your teacher sounds boring

Bri: She thinks I'm stupid.\

Levi: but scales help you know what each key is and what it sounds like. and you aren't stuipd. how fast did you learn them and how many do you know?

Bri: I know all the baise ones. It only took me a few hours to learn them.

Levi: theya re easy. well sits down -he sits down ont he bench-

-Bri sits down next to Levi-

Levi: okay so for warm up i just want you to play all the scales you know then we will get tot eh fun part -he grabs a folder off of the piano and starts going through it. on the front it said my songs-

-Bri starts playing a ton of scales.-

-levi finds some of songs that aren't his in the very back-

Levi: i need a file cabinet for all of the mucis i have. theya re all in boxes in the patry over there -points tot eh door that is right across the kitchen-

-Bri gets down and with some difficulty pulls one over to Levi-

Levi: thank you. okay so what do i have? -he pulls otu folders that are names of composers. bri reconizes one-

Bri; Beethoven.

Levi: want to play some of his stuff? i belive i can break down some stuff for you. he has simple simple stuff then really hard stuff that took me years to memorize -levi pulls out the folder. bri watches as it pushes itself across the floor and back intot eh pnatry- i probably should ahve done that int eh first place

Levi: you need work. maybe get back up here then we will have lots of fun

-Bri gets back up next to him.

Levi: alright. lets get ot work -he puts down a piece of papaer that looks extremly old and fragil- did you father ever tell you anything about me?

Bri: he told me you were reallt powerful and that you wer also really old and that I had to be nice to you and not touch anything without you saying so.

Levi: heh your father is smart. okay i was born in 1500 and alot of this music is like a real copy of it made by the real composer. i just amke copies so i can not destroy them but i'm not done with that yet. so all i ask is if you touch anything be careful with it because the only new thing in this place is the TV

Bri: Okay. -plays the pice in front of her.- Easy

Bri: How'd I do?

Levi: you did great. you are smart. here lets try another one -pulls out a litte harder piece-

-Bri plays that-

-she struggles but she fixes it-

Levi: you can sight read. have you played any of this stuff before?

Bri: Nuh uh. old teacher wouldn't let me.

Levi: alrighty then. -he puts another pice down and its a couple pages-
how does that look?

Bri: Fun. -plays it. she misses a couple notes but fixes it.-

Levi: you are smart Bri. you are very smart. i think you'll just be
coming voer here to play the piano

Bri: Daddy said I need to learn though.

Levi: do you know what i'm gonna do? i'm going to make capoies of as
many songs as i can and i'll let you keep them

Bri: Okay.

Levi: show him that all these songs you've learned already. is there
anything that you don't know how to do with the piano?

Bri: Not really. I have a hard time reaching the pedals but I can' take
care of that.

bri: Thanks for the lesson.

Bri: Do you want me to call daddy now?

Levi: we have a half hour to go. we can just do other stuff. what else do you like doing?

Bri: I like cookies.

Levi: can you cook?

Bri: Uh huh. Mommy taught me. She won't let me use the stove or oven or knives though.

Levi: mkay i can take care of htat -picks up bri walking her intot eh kitchen- what kind of cookies do you want to make?

Bri: Suger cookies. We can make those in half an hour.

Levi: then lets get to you. tell me what we need

-bri tells him the ingedients and te directions-

-levi listens to her telling him everything they ahve to do-

inner levi: this good that she knows this. she probably could teach me some things

-when joey shows up they are watching some little girl show on the flatscreen tv eating cookies and milk-

Bri: DADDY! -run to him hugging him-

Joey ;Hey kiddo. Where did you get the cookies?

bri; i taught Levi how to make them.

Joey: Oh really?

Levi: yep i'm stupid liek that -has a mouth full of cookie-

joey: So I tae it she did well in her lessons?

Bri: Levi says I don't need them.

Levi: bri why don't you go bag up the cookies so you can take them home and i'llt ake with Joey

Bri: Okay.

-levi stis down with jeoy-

-she goes over and starts bagging cookies-

Levi: y our kid is smarter then me and i'm 500

joey; Wow....She really did get the family brains.

Levi: she sight reads like that -snaps his fingers- and she memorizes respies. id idn't have to pull out a cook book once

Levi: she doesn't need lessons i think her coming over here is just time for her to relax. she loves playing and i have a crap load of music i'm gonna copy and give ehr to play at your house

Joey: Kelly's been showing her how to cook. I think the kid memorized Julia Childe's cookbook.

Joey: Thanks.

Levi: dang i wish i was that smart. yeah i ahve all the music i have emroized but hey it took me 500 years. your lucky to have her and if she ever wants to come over and play my 300 year old piano or get more music let her

Levi: besides she makes good cookies -finishes up his-

Joey: She;s just like her mom in that sense. Kelly's a tomboy but she's good with cookies.

Levi: me likey -bri comes back over with the cookies-

Bri: You sure you don't want some Levi?

Levi: i'm very sure i had my fill. next time i want yuou to teach me how to make chocolate chip

Bri: Okay.

Joey: See ya later Levi.

Levi: alter ma -levi suddenly rubs his forehead-

-Joey and Bri leave-

Levi: joey!

joey: yeah?

Levi: hurry and get bri home i'll meet you at the lab -levi grabs his keys-

-joey piggybacks Bri home and then comes back-

-at the lab-

Brian: what is it my pager wouldn't stop going off

Becca; Same here.

Lance; Crime?

-levi was standing there in his new new costume-

Levi: a robbery is about to happen downtown

Becca; Great. i get ot kick the shit out of someone.

Levi: come on lets hurry so we can stop it. we have -levi thinks- 20 minutes

Lance; More than enough time. Lets go. -runs out the door-

Becca; Got it.

Jc; Lets do this.

-they all dress and head out-

levi: its right there -points at the very ver very big bank-

-levi was wearing a amsk over his eyes and it apparently made people not reconize him-

Becca; You'd have to be one hell of an idiot to want to rob that.

Levi: they aren't idiots they are mutants. come on around back

-Becca had a hood that covered half her face-

-they go-

Levi: okay some people inside and some people outside

Brian: i'll head inside

Justin: same here

Becca; I'll take down the pole outside.

Chris: i'll be out here. jc can be inside and out

-levi nods and takes two jc's brian and himself inside while the others stay outside-

Lance; Anyone see anything abnormal?

Levi: okay just stay calm and keep an eye out i know something is going to happen soon -levi is wearing a long coat to hide his outfit along with the others- lets spread out

Brian: got it

Justin: mkay

Lance; uh huh.

Becca; Right.

Jc: we're on it.

-levi justin jc jc brian lance go inside and spread out watching. becca
chris jc jc joey stay outside keep an eye out as well-

Becca; Still no sign of anything unusual.

-they all ahve walkie talky things that joey made when he got drunk a
few ngiht ago-

Levi: mkay looks for any car or truck that might seem suspisous

becca; So look for big white vans?

-suddenly people through the bank hold up guns firing them and
scaring the shit out of everyone-

Levi: shit theya re here -ducks-

-Becca jumps abit and gets out her stake-

Brian: guys outside check for vehicals that might be down the block
or descised

-levi cralws on the floor and the guys with guns go over and start
working on getting intot eh vault-

Jc; Right. -sens out duplicates to look-

-Lance starts scanning the area-

Becca; We found it.

Levi: okay keep an eye on it

-levi stands up and takes of his cloke-

Becca; Want me to slash the tires?

Levi: no becca just watch the truck

Levi: hey ass holes with guns!

Becca; Damn.

-brian justin and jc's stand-

Asshole with gun 1: WHAT!

Levi: you are stupid ya know that?

-levi holds onto his saber-

-justin turns to ice-

Asshole with gun 2: shit.

-brian's fingernails grow and he hisses fangs growing-

Levi: seriously i knew you were gonna do this i've been waiting for ten minutes

Asshole with gun 3: FIRE! -starts shooting-

Levi: shit! -the firing is extremely accurate. he jumps into the air and brian starts dodging the bullets on all fours-

jc; you can't get us! you can't get us! -all his duplicates are running around-

-one of them gets hit-

Jc: owowowowow!

Levi: okay time for action -he pulls out his aber blocking the bulets-

Becca; Slashing tires now!

Brian: do it bec - brian is shot int eh chest- fuck -he falls to the ground

Lance; BRIIIIIAAAAAAAAAAAAAAAAAAN!

Levi: oh god -it was from one of the bulets he smacks away from him-

-brian lies ont eh ground-

-Becca slahes the tires and starts smashing up the car-

Levi: Lance focus on the guys with guns!

-Lance in a red hot rage starts clawing at the gus with guns -

-levi storms over to one and slices off his head and it rolls in front of a little kid-

levi: sorry! -he throws the head and body off into a corner-

Kid; cool.

-levi grins and uses the force on a desk that flies and sashes two guys against a wall-

-the police come and arrest the two surviving robbers.

-levi looks at brian-

Levi: brian?

Lance; Brian..No. -goes over to him- Please baby don't go.

Brian: i'm gonna -he coughs and lance rolls him over. his chest is bleeding- its okay Lance

-levi walks over-

Lance; Brian stay with me. Please don't go.

-brian kisses lance's nose-

Brian: we all have to go sometime ya know?

lance; Please baby. I don't wanna be alone again.

Brian: you won't okay? -brian puts his hand on lance's back rubbing it- i'm gonna always be with you but i..... -he gasps- move on

-levi keeps watching-

-the others run in and jc goes abck to one. they also watch-

Levi: you were a great guy Brian

Lance; Please baby...-is trying to hold back tears.- I don't want to lose you again.

Brian: i'll be right here -pat his chest- its cheesy but its true. i love you
-brian holds lance's back as lance begins to sob-

Lance; I love you too.

-Brian dies-

-lance holds brian tightly-

Becca; We need to get going. The police will want to talk to us and we can't be nseen here.

Levi: i'm sorry lance i didn't mean to ahve the bulet go towards him -
lance growls and starts hitting levi's chest still in tears screaming you took him away again then he stops and just holds levi's chest crying-

-levi rubs lance's chest-

Levi: chris take brian's body and put it in the car.

Lance: I'm alone again. I want him back. I want him back.

-levi holds onto lance not really understanding his emotions-

Levi: i know its hard

Lance; How the hell would you know? -goes holding himself. Jc and Joey put thier arms around him and help him into hte car-

-at the lab levi starts to clean brian up and wraps him in a nice cloke-

Levi: chris we are going to go out to the forest and we are going to start a fire

Chris: okay Levi

-levi looks at brian-

Jc; i took Lance home. Joey is staying with him until he calms down.

inner levi: you guys had a great relationship. brian will be with lance

-chris and levi drive out tot eh forest and chris and him set up a nice fire lying down brian there-

-lance shows up with the others-

Chris: do you want to say anything before i do it?

Lance; No. Just do it.

Justin: he was a cool cat

Joey: Nice guy.

jc: I liked hi,

-levi watches off tot eh side as chris hits him with fire-

-Becca is silent-

-they stay out there until there is nothing but ashes-

-levi reaches out his hand and the ashes swirl up intot he air and he send them down into a jar. he closes it-

Levi: here. i know brian will stay with you always lance -hands over the jar-

Lance; He won't be there though. -he takes the jar and leaves-

-levi sighs-

Levi: i'm going to walk back guys

Chris: that ten miles levi

Levi: i can do it. -he starts walking-

Becca; He'll be okay chris. Let him go. I'm walking too.

Jc; But it's cold out.

Becca; I can find a resturanunt I can sellp near.

Justin: come on guys -pulls jc and chris to the car-

sleep

-becca walks next to levi who is staring straight ahead-

Joey: Later guys. -starts running-

Levi: it sucks ya know?

Becca; Tell me something I don' talready know.

Levi: no its..... lance is right. i don't know what he's feeling or what anyone feels. i hide it deep down and it..... i know its there i can

felt he love and hate and sadness but its so far away that its just a whisper to me. i don't get these feelings. i just make sure everyone is happy but when they aren't i don't get it

Becca; I've said it before and i'll say it again. Hideing emotions just isn't going to help you. It's okay to e emotionless durig missions. But when you're not you need to have a little empathy. One reason I've cut off all ties with my friends and family is because i don't want them to get involved so I don't end up getting to emotional. Int the end I just ended up hurting myself.

Levi: but i can't help but hide it. i've done it for so long i don't know how to get up. i meditate and try to find myself but when i do its like 'holy shit'

Levi: i haven't even had any sexual attrations to anyone ever before

Becca: Get laid. It might help.

Levi: -laugh- okay then that sounds easy. but i know that just fucking someone isn't a good idea

Becca; I could be wrong but i know me loseing my virginity in a way opened my eyes.

Levi: well i'll look into it. thanks Beck

Becca; Whatev. -they're nearing a town. Becca goes behind a resturaunt and curls up-

-levi shrugs and keeps going-

-the next morning-

Jc; Morning everyone.

-they meet at the lab-

-levi is sitting in a chair meditating-

-Becca smells a little of teriyaki. she was sleeping behind a japanese resturaunt-

Chris: you smeel like some very good food

becca; It's better than sleeping behind a bar. much warmer.

Jc: You're homeless?

Becca; i'm used to it.

Joey: Well enough chitchat. What are we doing today?

Levi: find becca a house

Levi: or apartment whatever works. we are also gonna find her a nice job

Chris: there is an opening at my radio station

Becca; i have one.

Levi: a paying job becca

-levi is still meditating his eyes closed-

Becca: Fine.

Chris: mostly at the station you'll be my assistant

Becca; Sure. Whatever.

Chris: its a good pay

Inner Jc: He wants to get closer to her.

-Jc gettin jelous-

Levi: mkay we have that settled. now i want joey and justin to go into town and find a nice apartment near by for becca

Levi: until becca gets paid i'll pay for it

joey: Okay,

-Lance didn't show up-

Levi: get to it people. and jc go check up on lance

Jc: Okay.

-they disperse-

-Becca stays.-

Becca: Why are you trying to help me?

Levi: why shouldn't I? you and i are gonna go buy furniture

Becca; dear god. I can't stand shopping.

-they go-

-becca watches as levi buys her a bed couch chair table set all the stuff and dishes. he is using cash and becca is stunned he has that all-

Becca; i take you saved up alot in all your years?

Levi: i am 500 i save up. i'm a billionar in secret and keep most of my money int eh bank. i just took it out so i can get this all taken care of - levi rented a moving truck and uses the forse to load everything in carefully-

Becca; I see.

-later on-

Levi: okay so did you find soemthing?

Joey: Yeah. It's this apartment just outside below our lab. It's a little pricey but with the paychecks people at that radio station get Becca should be able to afford it no sweat.

Levi: and until then i'll pay for it

Justin; did you buy all fo this?!

Becca; yeah. Cash.

Levi: yeah i'm a billionar. come on i'm gonna set up a deal with the paartment

-they drive over and soon they are all moving everything isde. actually its just them holding open doors and levi using the forse-

Levi: okay so where do you want everything becca i am at your control

Justin: heh

Becca; that goes there and that goes there. -she starts commanding the guys left right and center-

-levi doesn't argue but justina nd jeoy get anyed-

-soon tis done-

Levi: mkay. thi sis a nice palce becca you have a nice sense of style

Justin: meh! -justin falls to the ground pooped-

becca; Okay now everyone out so I can get some sleep.

-levi pushes the guys out and he waves before shutting the door-

Justin: i can't belive you would do something like that for her!

-becca could hear them-

Joey; Yeah.

Jc: I mean she's okay but still.

Levi: she is a great chick and she deserves the best. thats what love is isn't it?

Joey; wait. You love her?

Levi: the love poeple feel for friends and family yes. i'm not sexual attrated to her

Jc: okay. that makes more sense.

Levi: she'll find someone like that soon

-Becca goes to her room haveing heard enough and going to sleep on her bed-

Jc; Who knows.

-she hasn't ever slept better-

-the next day levi is playing around in the lab when lance shows up looking. like. shit-

Levi: hello Lance

Lance; meh.

Levi: so... how are you doing?

Lance; How do you think?

Levi: i really am sorry that he died lance but Brian will always be with you

Lance; He won't be there though. I can't touch him anymore. I can't see him. I can't talk with him or be near him. He's gone.

Levi: he wants you to move on

Lance; How the hell am I supposed to? It's a repeat of when i lost him the first time. Everyday was utter hell. And now i'm right back where I was.

Levi: at least this time he really is gone and you know he isn't coming abck -levi winces when lance glares-

Lance; I knew he wasn't coming back the first time.

Levi: thena gain each time it was me who..... well i didn't know he was good thena nd just lost but now Brian was able to die happy and with friends

lance; I'm alone again. You don't know how that feels. To be truly alone.

Levi: i guess i knew how that felt for several hundred years Lance

Levi: no friend no family i was just wandering the world earning money earning temporary fame being a super hero and not given really anything i really really really wanted

Lance; Yo don't know how it feels o lose the love of your life.

Levi: i killed my family i know how it feels

Lance; Not that kind of love. I'm talking about the kid you don't know how to feel.

Levi: no one has ever wanted to love me so i'm not able to feel it

Levi: lov em elike THAT

Lance; what?

Levi: i've never had anyone in my life before that could even possibly be a friend so how am i suppose to understand i'm just trying to help

Lance: Forget it. I just want to be alone right now. -he leaves-

-levi hits the wall and the building begins to shake. lance stumbles into the doorway-

-it keeps shaking as levi stares at the wall-

-it wakes Becca up-

Levi: i'm never going to understand emotions every chance i try to help people they always say 'i don't understand'. why do i ahve to understand i'm just trying to help!

Inner Becca; levi's in one of his moods again. I don't need to be in work for another three hours.

inner levi: no one understands me so why should i understand them. i've always been a loner for 500 years and i have no family left. i would rather be a loner then being critisied for the fact i don't show emotions. if not like i'm always angry or i think i'm better then you i wish i could show my emotions BUT I CAN'T!

-the building keeps shaking and lance falls down tot eh ground unable to get up-

-Becca gets knocked out of bed and hits he head falling unconcious-

Lance: just let me leave!

-the building stops shaking and levi starts to cry still up against the wall-

Levi: i can't even die

Lance; that emotion is called anger. You're also feeling sadness. Just though you should know. -leaves-

-levi keeps crying-

-he leaves the building and goes to his loft cutting off all contact from everyone, just sending a check for becca once in a while when he knows she needs the money-

-brianna wanted to see levi badly-

-the had to take Becca to the hospital because of her cuncussion-

Bri: I wanna see Levi. I promised I'd teach him to make chocolate chip cookies.

Joey; I know kiddo. But Levi's not doing to well.

Chris: amybe if you took her to him maybe that would sanp him out of it. he's becoming a loner all voer again

Lance: Let him stew in his own misery. He deserves it.

Jc: Lance no one deserves that.

Justin: lance you lost brian don't make other's suffer too

Joey: I'll drop Bri off at his place. If he doesn't open the door I'll take her home. -take Brianna-

-at levi's-

-they can hear music playing inside-

Joey: Okay sweetie. Call me when you're ready to have me pick you up.

Bri: Okay.

-she goes and knocks on the door-

Bri: Levi? It's me. I have the stuff for chocolate chip cookies.

-she hears the door unlock-

Bri: Levi?

-the music is still playing-

-Bri goes in cautiously-

-he i sat the piano staring out the window while playing a song hse
hasn't heard before-

Bri: Whatcha playing?

-he starts singing-

Bri: It sounds pretty.

-levi looks at bri and motions for ehr to sit down next to him-

-she obeys-

-levi looks at the keys and keeps singing and bri listens-

Bri; It's nice.

-levi finishes it and smiles-

Levi: i wrote it when i was about 100 years old but i looked about 1. i
aged really really slowly

Levi: now i just look 18. i like being small

bri: are you done ageing?

Levi: yeah i have been like this for 200 years

Bri: Good. I don't want you to die.

Levi: why>?

Bri: Cause daddy and mommy say that we all have to die. That means mommy and daddy will go soon and so will all my friends. But you won't. that makes me feel alot better.

Levi: -smile- well you'll die someday but you'll be old and you'll be with your husband and have a family. then you'll see all your friends and family in the afterlife

Bri: I don't know if there is one. I'll believe it when I see it.

Levi: heh your funny. want me to play another one of my songs?

Bri: Uh huh. You know levi. You say you odn't have feelings but I think you do. You just show them differently.

Levi: people don't understand that though. they think i'm like a robot

-he pretends to move like a robot-

Levi: does not compute

Bri: no. Robots are shiney. and they don't sound like that and don't like cookies.

-levi laughs and starts to play another song-

-they stay like that for a while.-

-bri likes alot of his songs that he plays-

-on eis called incomplete-

Brianna: I think you like someone. I don't know who but I think you do.

Levi: i like alot of people

Bri: no i mean the kind of like that Mommy and Daddy have.

Levi: ahh. i think i do too

Bri: You should tell them.

Levi: theya re going through a ahrd time and they don't think i understand things like they do

Bri: Maybe if you word it diffrently. Daddy sayd if you phrase things just right it can really make a diffrence.

Levi: you are a smart girl -he sighs- want to teach me how to make those cookies now?

Bri: We need to let the butter thaw out first. -gets up of the bench and starts getting out the stuff-

-levi follows them. a while later all the guys show up and levi and bri are at the piano. levi is singing while bri is playing one of his songs-

-he taught her this is promise you-

Joey; Hey. How're you to doing?

-they are in the middle of it-

Bri; No cookies for you daddy. It's too late in the day and you shouldn't ruin your appetite.

-bri shushes them so levi can keep singing-

Levi: 'every word i say is true - this i promise you. ooooo i promise you'

-bri finishes up on the piano-

Bri: and no cookies for Uncle Chris. He needs to lose weight.

jc: hahaha! See Chris. If a little kid is calling you fat then you know it's bad.

Chris: shut up

-levi grins-

Becca; Can i have one Bri? -he head is bandaged-

Bri; yes. You need weight.

Levi: bri want to see a trick i learned?

Bri; Uh huh.

-levi hodls his ahdns over the piano and a complex version of mary had a little lamb begins to play-

-Bri sits there wide eyed-

-once he's done allt eh keys pound down at once-

Levi: i control you piano -he says it in a low voice-

-Bri giggles-

Levi: mkay its time for you to go Bri

Bri: Bye bye!

Joey; later Levi.

-levi waves-

-they all leave-

-except for lance-

-levi goes back to playing the piano softly-

Lance; I wanted to say I was sorry. I didn't have any right to treat you like that,

Levi: i can tell since you are still here

Levi: i think this song can fit you lance..... -he begins to sing it looking at lance-

Lance: You're right. It's time for me to move on. Just hought i should tell you that.

Levi: you can sit down nex tot me i won't bite

-Lance sits-

-levi keeps playing to the end then puts his hands behind his head-

Levi: i love the piano

Lance: I never really listened to it that much but it is nice.

Levi: my favorite song. it fits me very well

Lance; I don't know how it fits me. i can't seem to get past things.

Levi: yeah you can. because your heart can go on because brian will always be in your heart

Lance; one thing that's always bothered me about afterlife type stuff is if someone who you loved dies and you find someone else. Then what happens when you die and they die too? Do you have to choose between the two?

Levi: well... maybe the one your suppose to be with is the one you die with. maybe when you find the one you never do move on and know you'll see them again. do you think brian was the one? because you'll never die

Lance; Not by natural causes anyways. And I knew he was the one.

Lance; At least I wanted him to.

Lance; I guess I was wrong.

Levi: well he might be he might not. -levi is sitting close to lance and looks at him- you just gonna have to figure that out now aren't you? - their faces are like a few inches apart here people-

Lance; I just...I just loved him so damn much. -he is about to get up but he slips and he falls his lips landing on Levi's-

-levi slips too and they both end up falling off the bench-

Levi: ouff -lance lands on top of him-

Lance; sorry.

Levi: its okay i think i polishes the bench too much

Lance; Is it okay with you if we just stay like this for a bit?

Levi: um my back is kind of hurting so i don't want to move for a while

lance: Okay. -lays back down on Levi.

-lance rests his head on his chest and levi has his hand on his back. levi just barely moves it then lance sits up making the first move-

Lance; I should get going.

-levi nods-

Levi: mkay

-levi sits up his back popping. he looks at lance-

lance; yes? -he's at the door-

Levi: um... i... well maybe it snot smart for me to do

Lance; Is there somethig you need?

-levi stands up and walks over taking some cookies and giving them to lance-

Levi: i need to get rid of them

Lance; Why?

Levi: we made like six batches

Lance; I thought you liked these?

Lance; Figures. You should have seen brianna when she made me and Brian oatmeal.

-levi smiles and puts his ahdns in his back pocket-

Levi: he'll always be with you lance so quit being despressed

Lance: I just want to hold him again. that's all.

-levi pats lance's shoulder-

Levi: its hard i understand but i think he would agree and would want you to move on

Lance; Right....-he leaves. when he gets to his apartment heleaves the cookies on the counter and throws himself onto his bed sobbing-

-levi takes a nap-

-the next day a kidnapping happens. but it bri and joey is freaking out like no other-

Becca; Joey I know you're upset but seriously freaking out is not going to solve a damn thing. -her head is still bandaged-

Joey: my little girl. Where is she?

Levi: i'm trying to figure that out Joey

-he is meditating-

Becca; i knew this was happening. My dream ended right wneh they were taking her.

Levi: everyone be calm i'm finding something

Jc; What?

Levi: joey do you have enemies?

joey; No. Some friendly rivals but nobody that I really consider an enemy. Why?

Levi: well i think you do now -he stands up and they all follow levi-

-he takes them out to the forest-

Levi: some anti-mutants -they have bri tied up and she is attached to a tree. a group of people are surrounding her some ready to kill-

Levi: why a little kid?

Joey: Those bastards.

Becca; isn't it obvious? Keep mutants from reproduceing no little mutants no little mutants we all go extinct.

-levi walks up to them-

Levi: hi sirs may i ask why you have a kid against a tree and you ready to shoot her?

Man: You new to the group? This thing is a mutant. We need to get rid of it before it destroys all human kind.

Levi: how is a cute little angel like that a mutant?

Man: abnormally smart. An IQ above anything that a normal human would have. We tried to get her freak father but we couldn't find him.

Leiv: probably too fast for his own good. well why is she not there now? -they turna round and the ropes are untied and she is gone. joey was fast-

Bri: Daddy.

Joey: Shh. It's okay. You're safe now.

man; You're one of them! -pulls gun on Levi-

-levi steps back. he left his light sbaer-

Levi: well i can always do what the sith did

-he holds out his hands and shoots electric currents out of his fingers-

-the man screams and falls unconscious-

Jc: I'll take these bastards to the police.

Levi: okay guys -he does the same to the others then falls to his knees- that really drains me

-he holds his chest struggling to breath-

Lance: You gonna be okay?

Levi: doing that drains me but it's very effective. i'll be fine -he stands up and wobbles a bit- maybe not -he goes pale and falls to the ground hitting his head on a rock of all things-

-he forgot he has metal on his bones so he was hitting them and himself at the same time-

inert levi: tippy

Chris: fun -he picks up levi-

Becca; Come on he needs medical attention.

-they nod and take him to lance's office where he checks him out-

Justin: was it just me or when he did his electric attack he also sort of lit up?

Becca; the metal on his bones is a perfect conductor along with the water in his system. it probably did a number on him.

Chris: smart

-lance takes off levi's shirt and his chest was burned and you could see his ribs and some organs there. even his heart. the bones were shiny metal-

Chris: eww!

-his heart was beating and justing ags-

Becca; wuss.

Justin: ew ew ew

Lance; we need to get him to a hospital. justin get a grip and help me out here.

Joey: Brianna don't look. -covers her eyes-

-suddenly levi wakes up moaning-

levi: meh. owie that hurt

-he sits up and yelps-

Levi: my chest!

Lance; Lay back down.

-levi nods and lies back down-

Levi: that is scary. i cans ee my heart

-he watches as it beats and watches his lung go upa dnd ownas he breaths-

Lance; Don't look okay we're gonna get you to a hospital and try to get you patched up.

Levi: actaully i feel it doing it on its own -bri breaks away from joey and watches as levi's skin regnerates over his chest-

Bri: coooooool

Levi: see? all better. but i'm not doing the electric thingy again. stupid metal it effects me now

-levi looks in his pants and goes green-

Justin: what?

Levi: MY DICK! WHERE THE HELL IS IT?!

Lance; Ummm.

-levi whineprs and scares at it then after a while he starts tos ee something-

Levi: oh good for a second i thought i lost my manhood.

-levi shutters then stands up-

Chris: well once we get back you can see if it still works

Becca; this is why I am glad my genitalia is inside me and not falpping around for the world to see.

Jc; No chrissy. You're all mine.

-chris grins and hugs jc-

Levi: i'm heading home i need a nap

Lance; same here.

-he walks out and they all go eww at his spine being covered up-

Becca; whatev

-levi goes back to his palace and showers then meditates then
amsterbates then goes to bed-

-at the radi ostation the next day-

Chris: your doing a good job here becca

Becca; Thanks. -dosne't look up from her computer-

inner chris: why am i attracted to her i want Jc

-one of the other assistants is carrying some water. He falls over-

-and of course it's all over becca now-

Assistant: Sorry!

-Becca looks at him whith a death glare-

Becca; Smooth move. Now go away.

-chris stares at becca and feels his body getting hot-

-Becca get up-

Becca: I'm heading to the bathroom. If you need anything just hack into my computer. And why are you staring at me like that?

-chris looks away-

-when becca goes to the bathroom he can't help it. he goes after her then pushes her tot eh wall kisses her passiontetly-

Becca; ow! Chris get off!

Chris: i need you becca like really bad and if i don't i have no clue what will happen

Becca; Waht the hell?

Chris: the fire is burning becca and your wet and your gonna cool me down

Becca; So basically you want to fuck me.

-chris nods and sucks on ehr neck-

-Becca moans-

-he runs his hand up her chest and grabs her boob-

-Becca feels her pussy getting wet-

-he rubs her nipple then rips off her shirt along with the bra sucking on her nipples-

Chris: mmmmmm fuck your hot

-Becca grips his head burying her fingers in his hair-

Becca: You're not bad looking yourself.

-Chris slips his hands in her pants using a finger to rub her clit-

Chris: ya like that?

Becca; Fuck yes.

Becca; We shouldn't be doing this here. Someone could see.

-Chris pushes her into a stall and locks the door pulling off her pants and getting his pants down-

Chris: i'll make it quick -he turns her around bending her over-

-Becca grips the walls of the stall spreading her legs out and trying to keep her balance. She's in heels-

-chris gets on his knees licking her juices-

Chris: oh yeah

-Becca bites her lip trying to keep the noise down-

-chris soon stand up and slams into her fucking her fast and groaning-

Chris: ya like that?

Becca; yes. Yes of god Chris fuck me!

-he makes it very quick-

-when they're done both of them are on the floor panting-

Chris: man i needed that but the worse part is i want more

Becca; not here. Besides you have jayce. He's going to be really hurt when he finds out about this.

Chris: thats the thing -he dresses- i thoguht this would ger id of my feelings but i just think it amde them stronger. i'm falling in love with you and falling away from jc and i hate to hurt him

Becca: You need to tell him. And i need to borrow your jacket. You left my shirt in shreds.

Chris: sorry hands it over then leaves-

-Becca dresses and takes the rest of the day off. She had a little vacation time-

-chris goes back and is quiet and jc is qorried-

Jc: Baby? Is something wrong?

Jc; You're awefully quiet

Chris: i fucked becca today. i thought it would stop my attraction for her -he looks at jc- it didn't

-a while alter justin shows up waondering where chris is-

Justin: hey J care you okay? i came tos ee chris is he here?

Jc: the cheating scum bag is definately not here. He's not welcome here anymore.

Jc: He fucked Becca. No doubt he's there haveing his way with her right now.

Justin: oh god. i'm sorry Jc -he sits down next to him- i really am are you gonna be okay?

Jc: Yeah. It's not like I haven't been there before. It's the same thing everytime. I meet someone and I think that they're the one. Then out of nowhere they leave and I end up all alone again. I'm such a hopeless romantic.

-justin hugs jc-

Justin: you are not

Jc; I loved him I knew he liked her. i never thought he'd cheat. I loved him so much. what did I do wrong?

Jc; What am i doing wrong?

Justin: you didn't do anything wrong. you were acting yourself. i know chris loved you but you guys aren't meant to be Jc. are you still friends?

Jc; I don't know. I told him to get out. I was so angry. -cries-

-justin holds onto jc-

Justin: you'll be okay

-Jc cries holding onto Justin-

-soon jc calms down and justin makes some tea-

Jc; I just don't understand. I've been looking for someone all my life but i can't seem to find him. What am i missing?

-justin hands jc his tea-

Justin: i don't know.

Jc; You had a girlfriend once didn't you?

Justin: yeah a long time ago

Jc: didn't you think that she was the one?

Justin: yeah id id, but then i realized i was gay. i told her and she told some of her football buddies and they raped me. she asked me if i still thgouht iw as gay now and i said yes and she storms off hating me

Jc: you really did have it bad. My I came out to my family when I was 15. they didn't like it but they learned to live with it.

Justin: my parnets didn't like me being gay and don't talk to me so i never told them about me beigna a mutant

Jc; My family found out about my powers shortly aftr I was born. Mom was a mutant so I got it from her.

Justin: heh. your dad probably had fun with that. sorry

Jc; I drove him crazy. And when i learned to walk. Oh man.

-justin laughs-

Justin: so what did she die of?

Jc; Cancer.

Justin: i'm sorry -rubs jc's back-

Jc; We didn't find out until it was to late. Even with kemo they said she would only have a few months to live. i was only six when she died. I was really close to her.

-Jc takes a picture off the wall.- Jc: this was her before it hit.

-justin looksa t it-

Justin: you take after her. -he ahdns it abck- you'll find that right guy sooner or later Jc don't worry

Jc: I don't want to be alone ever.

Justin: you won't i'm sure of it -he finishes his tea putting it down-

-Jc puts down his cup and goes over to Justin hugging him-

Jc: Stay with me. I can't face being alone tonight.

-justin hugs him back-

Justin: alright. want to watch a movie?

Jc: Okay.

-they watch Titanic-

Justin: that song could fit Lance ya know?

Jc: yeah. I feel for him.

Justin: Brian was cool but he's with god

Jc: Yeah.

-justin rests his head on jc's shoulder as the sex scene starts up-

Justin: leinardo is hot

Jc: yes. Even now that he's left that boyishness behind. He's amazing.

-justin nods-

-justin looks up at jc-

Justin: you getting tired?

Jc; yeah.

Justin: want to finish the movie or do you want to go to bed?

jc; Lets go to bed. We all know how it ends.

Justin: want me to sleep on the couch?

Jc; no. Stay with me.

Justin: oh. okay -they walk to the bedroom and jc lies down in bed tugging justin close to him-

-justin kisses jc's forehead-

-Jc smiles and snuggles up to Justin falling asleep on his chest-

-justin falls asleep too-

-the morning-

Justin: did you sleep okay?

Jc: Uh huh.

-justin pats jc's back and sits up stretchin-

Jc; I'll see you later then?

Justin: i guess -he looks at jc who also sits up. they are inches away from each other-

Jc; Bye then. -leans closer to Justin kissing him-

-justin kisses jc back putting his hand on his side-

Justin: if you want i could stay.....

Jc: Please.

-justin nods and pins jc tot eh bed kissing him more-

jc: I need sex. Lets do it. Right now.

-justin nods and sucks on jc's neck pushing up his shirt-

-Jc starts to pulls off his pajama pants. He remebered to change the night before-

-justin pulls his mouth from jc's neck and gets his shorts off. justin kisses down his chest sucking and licking his nipples meanwhile pushing off his pants and touching his cock-

-Jc purrs with pleasure-

-justin smiles and kisses down mouthing jc's stomach and sides and hips before taking his warm cock into his mouth-

-Jc gasps and grabs the sheets arching his back-

-justin sucks jc's cock tasting precum that begins to drip from the head. he pulls away and licks the purple head and sitting up pulling off his shirt-

Jc; So good.

Justin: you know i've always wanted to do this to you -justin leans over jc kissing him putting his hand on the back of his neck-

Jc; You never asked

Justin: because you had chris..... -justin stops kissing him- chris

Jc: Who cares? Just fuck me.

Justin: is this you trying to get back at chris because i don't want to get pulled into what is going on with you guys. c hris is my friend

Jc; No. I want you to fuck me cause I need companionship. If it were revenge sex I would have found a rentboy.

-justin nods and kisses jc again. jc reaches down and begins to rid justin of his jeans and boxers pushing them down the best he can. justin sits up and they both pull them from him-

Justin: you have such a hot bod

Jc; Thanks. You look good yourself.

-justin kisses jc again rubbing his hip as they are lying on their sides-

-justin slides his hand around cupping jc's ass and sighing-

-Jc places one leg on Justin's side while rubbing his back with his hand-

-their cocks touch and justin bucks his hip wanting more friction-

Jc: fuck my ass.

-justin nods and pins jc to the bed. he bounces a bit getting his legs up and around justin's stomach bending back to his ass was spread wide.

justin laughs and kisses his shoulder while pulling out the lube he figured was in the top drawer-

Jc; Good boy.

-justin gets the lube on his fingers and kisses jc while finger fucking him getting him nice and stretched out-

Justin: just to tell you -kisses- i've never -kisses- fucks a guy -kisses- before

Jc; I couldn't care less about that.

-justin nods and lubes up his dick before pushing in him-

Justin: so tight..... feels so good

Jc; Oh dear god! Fuck me hard justin! Fuck me fuck me!

-justin moves and they begin bouncing up and down on the bed. jc's hand fist through jc's hair kissing him as justin moves faster and gets closer and closer to the edge-Justin: holy shit i'm gonna cum so hard

Jc; Good. Cum inside me. Fill my ass with it.

-justin gasps and sits up cumming while rubbing jc's dick hard-

Justin: you are such a dirty boy and you say your romantic

Jc: I am. I just need some hot dirty sex.

-justin pulls out of jc's ass and lets jc cum into his mouth-

-Jc moans loudly as he cums-

-justin falls down next to jc his arm around him and kissing him-

Justin: that was hot

Jc: Yeah. Lets do it again.

Justin: i get bottom -justin lies down spreading his legs and grinning-

-they keep fucking like this for most of the day-

-they order take out and eat in jc's room naked while watching queer as folk, then they fuck some more then finally fall asleep-

-meanwhile-

-chris goes to becca's-

Chris: me and jc are over now. it sucks but we gonna move on sometime

Becca; Lemme guess. Jc booted you out.

-chris nods-

Becca; I sensed some jelousy issues with him.

Chris: i had to come to you because one - you and i fucked while jc and me were still together, yes my bad. two - your the one i left him for

Becca; Chris. I like you don't get me wrong. But I don't want to be caught up in the middle of this. And I'd rather not have Jc on my ass. Also how do you know if I feel the same way you do?

Chris: i take risks can't you see? -he leans in and kisses her again- and jc basically knows i'm here

Becca; I already knew you were a risk taker. But again. How do you know i love you back?

Chris: i don't

Becca; Exactly. I'm alrady going through my own sexlife issues. I got rejected by the guy I was crushing on and I'm once again haveing to hire hookers to satisfy myself. Let me tell you it feels diffrent being the buyer rather than the seller.

Chris: well if you ever find out that your crushing on me you'll know that i'm crushing back on you. -chris turns and walks to the elevator-

Becca; Damn my life is fucked up.

Chris: i'll be waiting -he goes down and walks up the street to levi's place-

-levi lets chris take his bed. levi sleeps on the couch-

-the next day Becca shows up a little late for work. Her hair is dyed white blond-

Chris: hey becca -note for all this is the day that justin and jc spent fucking. this is what chris was doing-

Becca: Hey.

Chris: your hair looks nice

Becca; thanks. -she's staring blankly at her computer working-

Chris: you okay? -he was getting ready for his first show-

Becca: yeah. I'm fine.

Inner Becca; I'm a bad liar. I'm miserable. I'm stuck in a wacked out love tirangle and I haven't had any good sex. And on top of that when I climaxed with that rentboy I started screaming Chris's name.

Chris: well if you need to talk -chris kisses her cheek-

Inner Becca; Why do guys always do that?

-the day after that levi calls everyone to the lab where he is waiting once again meditating-

Justin: do you ever stop?

Levi: nope

Becca; What?

Levi: now i want everyone to sit down in a circle

Levi: becca sit by chris chris by jc jc by justin

Jc: What's this about?

Joey; huh?

Levi: sit down quickly -becca sits next to levi and lance sits on his other side-

-joey sits between lance and justin-

Lance: So what is this about?

Levi: now everyone join hands and close your eyes

-levi is calm despite the fact the writer is grinning ehr ehad off-

-the other writer is smileing wondering what game the other writer has in mind-

Levi: join hands

Lance: okay?

-they all join hands-

-levi hums and joey rolls his eyes thens huts them-

Levi: close your eyes

-they obey-

Becca; Levi just tell us what it is you're doing.

Levi: shush

-levi meditates then sighs-

Levi: becca why do you still have feelings towards me? you have chris who is willing to give you everything you always wanted. jc you must understand that chris found someone, someone to fill the empty holes that you can't possibly fill. you found justin and justin found you and he is deeply in love with you wanting to be that one eprson you've serached for your whole life. -c-

Levi: lance brain is still in your mind and he clouds your thoughts. he needs to rest in your heart and you need to let your mind free. joey... i can't think fo anything right now for you come abck later -levi smiles-

Becca: Are you done lectureing us now?

Levi: no one leaves this room ro unjoins hands or opens their eyes till we get this settled -everyone finds themselves locked int he palce theya re in- i know what i am doing

Justin: uhg

Jc; This is stupid.

Levi: talk with chris jc

Becca; Thank you Jc for expressing everyone's opinion.

Jc; Chris....I loved you. I still do. When you had sex with Becca....I just couldn't take it. Why? What am I doing wrong? Just tell me and I'll try to change it.

Chris: jc i care about you too. i love you but... i want becca now. i'm falling in love with ehr and i can't stop it. jc you were having sex with justin you are nowing being a hypocrit

Justin: i kenw i'd be dragged into this

Jc: I was heartbroken and desperately wanted to be held. To have someone with me. i know it's no excuse but I still can't belive that you're gone.

Chris: i still want us to be friends. justin loves you don't you love him?

Jc; I....I...

-justin sighs-

Justin: i knew thats all you wanted me for -suddenly justin's ahnd turns to ice freezing jc's-

-jc can't pull his hand away-

Joey: Justin. Jc's not ready to admit it yet.

-jc bites his lip and hangs his head-

Justin: he has nothing to admit that's what -now joey's hand was being
frozen. justin was now an ice block-

Levi: guy understand that with your hands joined i can read your
minds

Jc; Justin I do love you. Joey's right. I'm just not ready to admit it.

Levi: justin please calm down

-justin goes back to normal and joey sighs-

Levi: now back to chris and jc

Chris: i will always care about you and be your friend. there is
nothing wrong with you jc, it's just your not everything i need. you
can't change that and i can't change myself

inner levi: mary had a little lamb.....

-Jc bites his lip holding back a sob-

Levi: in this circle you are allowed to cry

Justin: this is pathetic

-Jc lets out a couple sobs before getting it together-

-levi could tell that jc's hand on chris's loosened and wasn't a gry hold but now was a friendship hold. his grip on justin's tighten more into a compassionate hold-

Levi: okay now that is worked out. okay becca quit squeezing off chris's hand. now you two talk

Chris: becca i'm in love with you

Becca; I'm not in love with anyone.

Levi: you were in love with me. your hold on my hand is that of lust. your hold on chris's is more of your pissed me the fuck off

-chris nods feeling it being tight-

Justin: your too smart for your own good Levi

Levi: i'm a ledi i ca't help it

Becca; When you ead me like a book it's kind of irrritateing. Why can't you stay out of my head?

Levi: becca lance told me you were the one crushing on me. then i figured it out

Levi: your still crushing on me. what do you see in me?

Becca: I hate you but I love you. I don't understand why. It's not that you remind me of Brendon. He's got nothing to do with it. I'd moved on from that years ago. But for some reason you seem to be everything in a guy I've ever wanted. And everything I've ever hated in a guy.

Levi: ahh. well let me tell you that chris and i share alot of things

Becca; hah. Don't make me laugh. You two are day and night.

Levi: no we aren't. we both make jokes out of everything, we both are like psycologist, but for him he has a fire burning deep within him that i see in you too

Levi: you and i wouldn't work togehter but i see you adn chris working

Becca; Will you quit it with the cryptic metaphors?

Levi: i can't help it! now will you and chris kiss and get together already?

-Becca is silent and a little pissed at Levi.-

-Chris is holding onto Becca's hand compassionately-

Becca; You know you really piss me off when you're right.

Chris: I really do love you Becca and I want us to be together. I want to help you out

Becca; And what the hell do you see in me? I'm a homicidal psycho bitch from hell.

Chris: I know I can help you and make you who you really are meant to be

inner Levi: MARY HAD A LITTLE LAMB, LITTLE LAMB, LITTLE LAMB!

Becca; See that's where you're wrong. Levi stop that. See the thing is I'm supposed to be like this. I'm the slayer. My job is to slay. to kill. I'm not a sweet girl that people want me to be.

Chris: I'm still in love with you and no matter what happens I'm going to be here

Becca; And yet you still don't answer my question. What exactly do you see in me?

Chris: your sarcastic, your hot, your talented, and you care about people

Chris: you stick to your job and don't let people get you down. you hide it and stay strong through difficult things

Becca; Okay sarcasam i come by honsetly. Hot...Well I'm sure I'm not a ten but then again I probably didn't make that much money off old men if I wasn't. Talent? If you count that as kicking the shit out of people sure. Now careing about people....You really don't know me.

-jc inturrupts-

Jc; For the love of god just kiss already!

-suddenly chris is jerked froward and is kissing becca-

Levi: there we go

-levi was moving them-

-chris is able to mvoe his lips over becca's-

Joey; Okay so who's next here?

Levi: Lance your mind and heart are all about Brian and it's not healthy

Lance: I have a right to grieve don't I?

Levi: you have been grieving for three weeks!

Lance; It takes time. Sometimes even years.

Levi: last time it took you two weeks

Lance; I had distractions then.

Levi: uh huh. sure

Levi: Brian told you to move on. I think he knows that you guys didn't have much unless he would have said 'wait for me my darling!' -he says it with a southern accent-

-Lance clenches his fists angrily-

-Joey and Levi gasp in pain-

Levi: Lance Brian was a great guy, confused most his life and under a spell, but great nonetheless.

Lance; And yet I'm not allowed to weep over the fact that he's dead?

Everyone: you did it for three damn weeks!

Becca; Okay it took me a long time to get over Brendon but at least I was able to function like a normal human after a week.

Lance; I don't see anything wrong.

Levi: your mind is all about Brian. you keep crying over him and won't move on. yes he'll always be in your heart but understand he wants you to find someone new!

Lance: What if I'm not ready to? What if it's him I want to see when I die and not someone else.

Levi: okay since I'm doing this for your own good -suddenly a bolt of electricity shoots through lance's body and he isn't sent into a coma-

Justin: ALNCE! -all their eyes opened and he falls to the ground-

Lance; wah? -falls down-

Levi: fuck that hurt Levi shakes his hand that is now burnt flesh-

-meanwhile-

Brian: Lance? -its an echo-

Lance; Brian? Brian!

Brian: why are you here? -lance was in a white room-

Lance; I guess Levi's lightning bolt really did a number on me. Brian it's so good to be with you again. I missed you so much.

Brian: baby your in the room where they welcome the new dead

Lance; Oh....

Brian: Levi i guess knew what he was doing because it says it isn't your time yet

Lance; But I don't want to go. I want to stay with you.

Brian: okay we need to talk lance

Brian: Lance i told you to go on without me but your a mess!

Brian: you ahve your own duties and all you can think about is me and trying to get me back.

Lance; I miss you. is that so wrong?

Brian: no but lance your ruining your life. you have a job to do and i fulfilled mine

Lance; But I don't want to go. I don't know what my job is. And everyone, even you, wants me to find someone else. But when It really is my time it's you I want to be with.

-brain leans in and kisses lance-

Brian: lance that day i died, my feelings were changing for you. i finally found myself and then myself found out there was something missing and you weren't it

Lance; What...

Brian: i care about you so much but... we aren't for each other. i wanted you to move on because i didn't want you to suffer at all, i wanted you to be happy with someone else

Brian: i love you, love means you want the best for the other person always and thats what i want for you

Lance: No. no. You can't be saying this. You're trying to get me to go back. -he's holding back tears-

Brian: i love you but you and i aren't meant to lvoe each toehr in that sense. i don't..... i don't feel that way anymore -he holds onto lance-

inner brian: you've always had emotional problems

lance: Get off me. -pushes Brian away- I can't belive this.

Brian: don't get angry Lance. don't be angry with me

Lance; I love you! I still do! I can't get you out of my head. And now i finally get to be with you and you tell me that you don't love me like that anymore? How can I not be upset?

-lance feels a shock through his body then everything goes white then black brians voice echoing 'levi'-

Levi: dude wake up. time to come out of your hour long coma

-he pats lance's face-

Chris: dude did you see a white light?

Justin: what was heaven like, or did you go to hell

lance; Shut up. Everyone shut up. It was hell.

Levi: dude ya know how jedi's always ahve that voice talking to them?
well it was brian -he starts talking like a gril- and he was like 'hey
man i need tot alk with alnce and you like knock him out for me?'

-levi stands up-

Levi: i'm gonna go for a bike ride

lance; You do that. -gets up. tears in his eyes- See if I care-

-Lance storms out-

-levi sighs-

Justin: come on jc -pulls him out too-

Chris: lets head for a walk -take ebcca out of there-

-joey looks at levi-

joey; What exactly just happened?

Levi: every time i try to help people, acting ina funnny way on
purpose, it pisses them off.

Joey: Levi I think Lance was upset before you did that.

Levi: i just want to fucking die because i can't do anything right
apparently

-levi jumps out the window riding off-

Joey: Has he tried useing a diffrent method?

-at lance's place-

Lance; He dosen't love me. He didn't love me. -sobs- I wish I could die.
Hell must be a whole lot better than this.

-meanwhile-

-levi is riding on his bike-

-he keeps going until he reaches a river. he gets off and sits down
along side it-

-he talks to himself saying how he just wants to die and how shitting
he just makes everyone-

-then he gasps when a laight saber goes stright through his heart and
he looks up seeing someone or soemthing standing there. they pull it
out and run off. levi falls forward and floats upside down in the river-

-he keeps bleeding out and his heart keeps trying to heal itself but the blood loss is slowly it down-

-he's basically on the verge of death-

Brian; Are you so willing to give up on lance? I know he's angry and upset but you're the one for him. Go to him now. Or are you really a coward who gives up when things get tough?

-levi looks like that guy in the lord of the rings one when he floating in the water dead. it sort of creepy-

inner levi: i don't know what to think anymore... its been 500 years and i still don't know my destiny

Brian: I'm not god. But I know that your destiny is not with death. Now go! -his ghost disappears from Levi's mind-

inner levi: well i can't do anything now..... -levi goes unconscious his mind slowly clouding over and his blood leaving his body quickly. his heart can't close up-

-meanwhile-

Ochris and becca are walking-

Chris: man Levi is a nut case

-Becca is looking away-

Chris: are you okay Becca?

Becca: Hundreds of years of isolation probably didn't do him any good. It nearly drove me over the edge after seven years.

Becca; I don't know Chris. All i know is that my whole world is changeing and i can't seem to figure any or it out.

Chris: he's a jedi though. my world is changing too i just go with the flow -he holds onto becca's hand- i wonder where levi drove off to anyways

Becca; Why should i care? And why should I flow with things? Honestly. I prefer to have absolute control over my life. If something dosen't go right I fight it. I don't let it slide.

-chris spinds becca around and kisses her-

Chris: i like it when you do that

-becca pulls away from him-

Becca; Seriously don't suprise me like that.

Chris: sorry but i thought slayers can sense things like jedi's only not as good as them?

Becca; We have prophetic dreams. And we know when to sense deamons and vampires.

Chris: ahh

Becca; And of all times. Damnit. There's one nearby

Chris: i'll watch you kick its ass

Becca; If levi dosen't beat me to it. -takes off-

-chris shoots intot eh sky following int he air as a hot fire ball. heh heh heh-

-they get near the river-

Chris: i don't see levi its all yours becca!

-the demon is a jedi-

-a very weak one-

Becca; Okay. This thing is still nearby. I'm gonna look for it you go find Levi.

-Becca takes off-

Chris: i said levi isn't here! he probably drove south instead of north -
chris lands on the ground watching and river-

watching the river

Becca; Well then look for him!

Chris: why!?

Becca; Because I have a bad feeling that he's in trouble. Now go!

-chris sighs and flyies intot eha ir back intot eh city. he leaves and
levi's body flaots donw stream lots of blood around him-

-he was unconciouse because he was breathing in lots of water-

-meanwhile Becca is running around the area trying to find whoever
it is she's senseing-

-chris flies back after she kills him holding the saber-

Chris: can't find him. hey why do you have a saber?

Becca: Yeah. It's Levi's. The deamon was a weak levi jedi.

Chris: so he took levi's saber?

Chris: how would levi let him to that? that means levi snearby

Becca: From the look of it.

Becca: We should look down the river.

-they run down it and see his motorcycle-

Chris: levi?!

-no answer-

Becca; Okay. there's the bike. Oh god. -she sees blood- this ain't good.

-chris looks in the water-

Chris: i'm gonna go down stream

Becca: Okay. I'll look in the woods.

-chris shoots intot eha ir flying downn-

-he stares at the water and there is more and more blood tint. then he sees a body talged in the lon grass in the water. it is levi his face white his eyes wide and he's srounded by blood-

Chris: LEVI!

Becca; you found him?

-he shoots down and lands in the water dragging levi out-

Chris: oh god i think he's dead!

-chris looks at his chest-

Becca; Shit.

-he can see its a sbare wound-

Becca; He's lost too much blood.

Chris: that jedi stabed him in the heart. god and he isn't healing any!

Chris: levi said that its his blood that keeps him going that has his powers in it. he looses that blood his mind become clouded and he can't heal any because he's weak.

Chris: god his heart has a hole in it and i don't feel a pusle becca

Becca; We could zap him.

Chris: zap him with what>?!

Becca; Okay. that won't work maybe massage his heart?

Chris: we are five miles from town he has a huge burn hole in his chest it isn't beating his is white as a ghost and you think i should massage his heart?!

Becca: Well what do you suggest we do?

Chris: he needs a blood in his body he needs to be breathing

Becca; Wait....Blood....We could use the jedi I killed.

Chris: hurry we might be able to save him. but that jedi better be the right type

Becca; We won't know until we try. -she runs to where she dumped the body and comes back a couple minutes later-

Chris: how do we get the blood from him to levi?

Becca; -slashes the wrist of the jedi and starts dumping it into Levi's heart- I don't know but this might work.

-chris reaches in and start to massage it-

-they keep going not knowing what is happening. suddenly they see the hole getting smaller-

Chris: tis working, tis working! -quote from star wars I-

Becca; told you so.

-soon the hole closes up and levi's heart begins to beat on its own. but he's still aple and not breathing-

-chris begins to give reascue breaths-

Becca; I'm gonna call the others. We need to get him to the lab.

Chris: his chest has healed but thats the only sign of life i ahve of him

-chris was coered in blood now because levi is covered in blood-

Chris: get joey to come here and have lance meet him at the lab

-chris dives intot eh alke washing off-

into the river

-Becca calls them-

-soon joey speeds up and speeds off with levi-

-chris and becca dirve his motorcycle back-

-when they get back levi is lying naked on a table a sheet covering his nuts-

Chris: how is he Lance?

Lance: he's stable.

Justin: alot of blood

Justin: he isn't breathing though. he has water in his lungs and alot of it

Lance: I'm working on getting it out.

-lance shoves a tube into levi's lungs and begins pumping water out-

-it looks really gross-

Becca: ew.

Chirs: fianlly your grossed out!

-she said it in monotone-

-suddenly levi begins coughing hysterically and lance pulls the tube back out-

Lance; Hey man.

-levi coughs and the water goes all over himself and jc tips him onto his side-

-levi begins to cough up all the blood and water in his lungs and then gags out all of the shit in his stomach before falling off the table, sheet having to fall away from his nude body, and he lies on his stomach gasping for breath and shaking a bit-

Levi: now i -gasp- know death -gasp-

Lance; That makes two of us.

Chris: man i had to touch your heart you owe me

Becca: He owes you nothing.

-levi struggles to his feet holding his chest. his dick is just hanging there-

Lance; cool.

Levi: he said i'm lance's soul mate

-lance sort of jaw drops-

Lance; Wha.....

Justin: didn't see that one coming

Joey; I don't think any of us did.

-levi grabs the sheet FINALLY covering himself. he walks from the room-

chris's dick: i don't want to put any cargo in you but do you think i can hang out with you tonight?

Becca's pussy: that's not for me to decide. the brians are gonna have to decide that.

-levi smiles-

Levi: that would be nice

Lance; I'll see you at my place at three then?

-levi nods and kisses lance passionately-

-Lance kisses him back-

-meanwhile-

-jc and justin just came all over each other in the shower-

Jc: I can't believe how good that was.

Justin: i can -he washes jc off-

Jc: It was amazing.

-justin kisses jc softly-

Justin: i really do love you Jc

Jc: I love you too.

-justin wraps his arms around jc holding himself close to his chest-

Justin: sorry i almost froze your hand off

Jc; I'm sorry I didn't admit I love you.

-justin kisses jc again putting his fingers through his hair-

Justin: i will never let you go Jc i don't think i can find anyone else

Jc; I never asked you to let go. Stay with me.

-justin nods-

Justin: i will -he holds onto jc till the water runs cold-

-when the water runs cold they get out and towel off before curling up on the couch together-

-in silky robes watching queer as folk-

-during the night Becca has one of her dreams-

-Becca is walking down a hall in a large building. she doesn't recognise it but for some reason she feels like she knows it well. Then out of nowhere.-

Child: Mommy.

Becca; What? Why did you call me that?

Child: Cause that's what you are. You won't know me for a few more years.

Becca; Crap. I never wanted kids. So why are you here?

Child; I was born here. and i need to tell you something.

Becca; Well then tell me.

Child: Jones. He is your friend. But you need to beware of him. The blackhearted woman is in him.

Becca: You mean Christina?

Child: She wants Levi. She's vengful.

Becca: Why am I not suprised?

Child: Daddy says you're always like this.

Becca: One more question before i wake up for work.

Child; Yes mommy?

Becca: where and what is this place?

Child: Your head quarters. You all built this place. We're just on our floor. I have to go now. I'll see you in a few years. -dissapears along with everything else as Becca wakes up-

-she wakes up to chris's head between her legs-

Chris: work time baby

Becca; So you licke my pussy till I woke up?

Chris: actaully i just got down here -shoves his finger inside her-

Becca; Oh! Okay Chris. Wait till after work. We gotta get going.

Chris: i woke your up an hour early

Chris: for showering and all

-he chuckles and sucks her clit into his mouth-

Becca: Okay. -scoots out of bed- But still. Wait till after work.

-chris pouts and pulls away from ehr sucking on his juicy finger-

-at work-

Becca; Dear god some of the people who call you are just plain stupid.

Chris: i'm use to it doll

Secretary: Oooh. Office romance. just wait till everyone hears about this.

Chris: oh shut it Joan -he grins-

Joan: Still everyone gonna be shocked to find that mr. i-don't-need-anyone has got a girl.

Chris; she miss. i-don't-need-anyone tahnk you

-Joan just grins. The staff here is used to acting like this towards each other-

Chris: back to work peoples

-they all go back to work-

-meanwhile levi is at the lab when Jones shows up-

Levi: hey i haven't seen you in a long time!

-lance was at work and with waht has been going on with them alnce's has been sort of 'clouding' levi's mind-

Jones; It's good to see you again. I need to speak with you. -something seems off with him-

-levi doesn't notice because of the clouding thing. thats why he avoided relationships it messed with his powers-

Levi: ask away man!

Jones; Come back.

Levi: why?

Jones: Because. You didn't do your job. You were going to become heros of the people.

Levi: but we are hero's right now

Jones: No. People don't know who you are. You never showed up in the papers. and I've yet to finish what I started. -jones's eyes go pure black-

-levi blinks and rubs his chin not notcing STILL-

Levi: wall fame is nice but its up tot eh others. as long as i can help the people

-Jones takes out needle-

Jones; Or you can start fresh. Come on rember?

-levi stares at the ground pondering-

Levi: i remember everything. Chrissy is gone now so what do i have to loose? -he doesn't see the needle and jones walks over to him-

Jones; Sure. Forget all them for now. You'll get to start fresh with them later. -holds the needle to Levi's skull-

Levi: well let me call Lance up and talk with him then i'll get back to you -the needle is suddenly jamed into elvi's head and he screams-

Jones/Chrissy: Say goodbye to everything.

-levi gasps and the fluid is injected. the needle is ripped out and levi falls to the ground eyes white and sezuring-

Jones; Chrissy. Let me go!

Chrissy: No. I don't have any use for you anymore. So you can die now. -controlling Jones's hand she makes him pick up his gun and forces him to put it to his head-

Chrissy: Now one false move and you're toast.

-levi stops shaking-

Chrissy: it'll be about thirty minutes before his memories are all gone.

-the fluid in his brain was trying to earsing things but his mind was fighting back. sudden electric currnet runs through his body shocking him every few seconds-

-he's a jedi his mind is too strong to give in to something like that. even chrssy saw she had a hard time trying to get him under her control-

Chrissy: Well damn. I guess this is gonna take a long time.

-she makes jones take levi to the building once more-

Jones; You're going to go to hell for this.

Chrissy; yeah but you'll die too.

Jones: If I go you're going down with me.

-they get levi back to the building and the electric stuff stops and he lies there motionless. chrissy smiles-

Chrissy; Well now it's only a matter of time. Jones go make some popcorn so we can enjoy the show.

-while jones is gone levi wakes up-

-his memory hasn't been wiped it's been covered up so he thinks he knows but doesn't-

-meanwhile-

Becca; Chris. Somethings up.

Chris: huh? -looks up from his sandwich-

Becca; I had this vision last night. I didn't give it too much thought today. But I think that one of the guys might be in trouble.

Chris: goody. guess siw on't b eating for a while -puts his sandwich down- lead the way Becca

Becca; You call the guys and tell them to meet us at the lab. I think this has someting to do with Chrissy,

Justin: so what is this about Becca?

Chris: i couldn't get alhold of Levi

Becca; Shit. Okay. you guy know how slayer have prophetic visions?

-they nod-

Becca; I don't want to really go into details but I think Chrissy is still alive. Well not in the physical sense but she's not properly dead.

Justin: fuck

Becca: My sentiments exactly.

Jc: so we need to look for levi then.

-lance looks frantic-

Lance: You don't think she gt him do you?

Chris: she probably did judging by that needle under your chair

Joey: Lance calm down. Maybe one of us should call jones and see if he's heard anything.

-Lance sees the needles and jumps back-

Becca; Just remeber we need to be careful.

Lance; Oh god Levi. Please be okay.

-levi was sitting in a chair his eye is literally sort of cloudy-

Levi: who under your thumb master?

Chrissy: No one of your concern yet my pet.

-levi nods and stares at his hands-

Jones: You sick twisted psycho bitch.

Levi: who said that? -looks around the room-

Chrissy: No One pet. -sends pain through jones-

Levi: who are they master? -looks at them all-

-they see his clouded eyes-

Justin: levi its us!

Chrissy: Well well well. my new pets are here. And they decided to play dress up.

Levi: I am a weapon and she is my master

Jones; Not for much longer.

Chrissy: You will obey me Jones.

Levi: who is Jones master?

-Jones grips his head and you can see the two battleing personalities in his facial expressions-

Jones; I'm the guy who your sadistic bitch of a master took over!

Levi: my master is you but your voice is different

Levi: but you look the same so you are my master

Joey; Okay my brian is comfused.

Justin; you got me with jc!

Chris; you got me with becca by having us all hold hands in a circle

-levi nods and seems apined then stern-

Chris; keep going! you accidentally killed your parents in the 1500's because of a bad dream!

Justin; you're over 500 years old

Becca; You helped us all with our video training.

jc; You got us all to get over our pasts.

Chris: why is it his body is burnt but not his clothes?

Inner Lance; I'm alone again. I don't want to be alone.

inner lance in levi voice: you aren't

Lance; I am. You're gone. I can't be with you anymore.

-Bri just sits there-

Justin: super freaks 2!

-they kids grow up and start their own superhero school. Becca ended up having a boy. David Garrett Kirkpatrick. Both he and his sister were named after famous violinists. Jordan became the professor of that school. Levi, Lance, the twins, and Jordan never died. Everyone else did. It was sad. People cried-
